REVERE HIGH SCHOOL
Revere, Massachusetts 02151

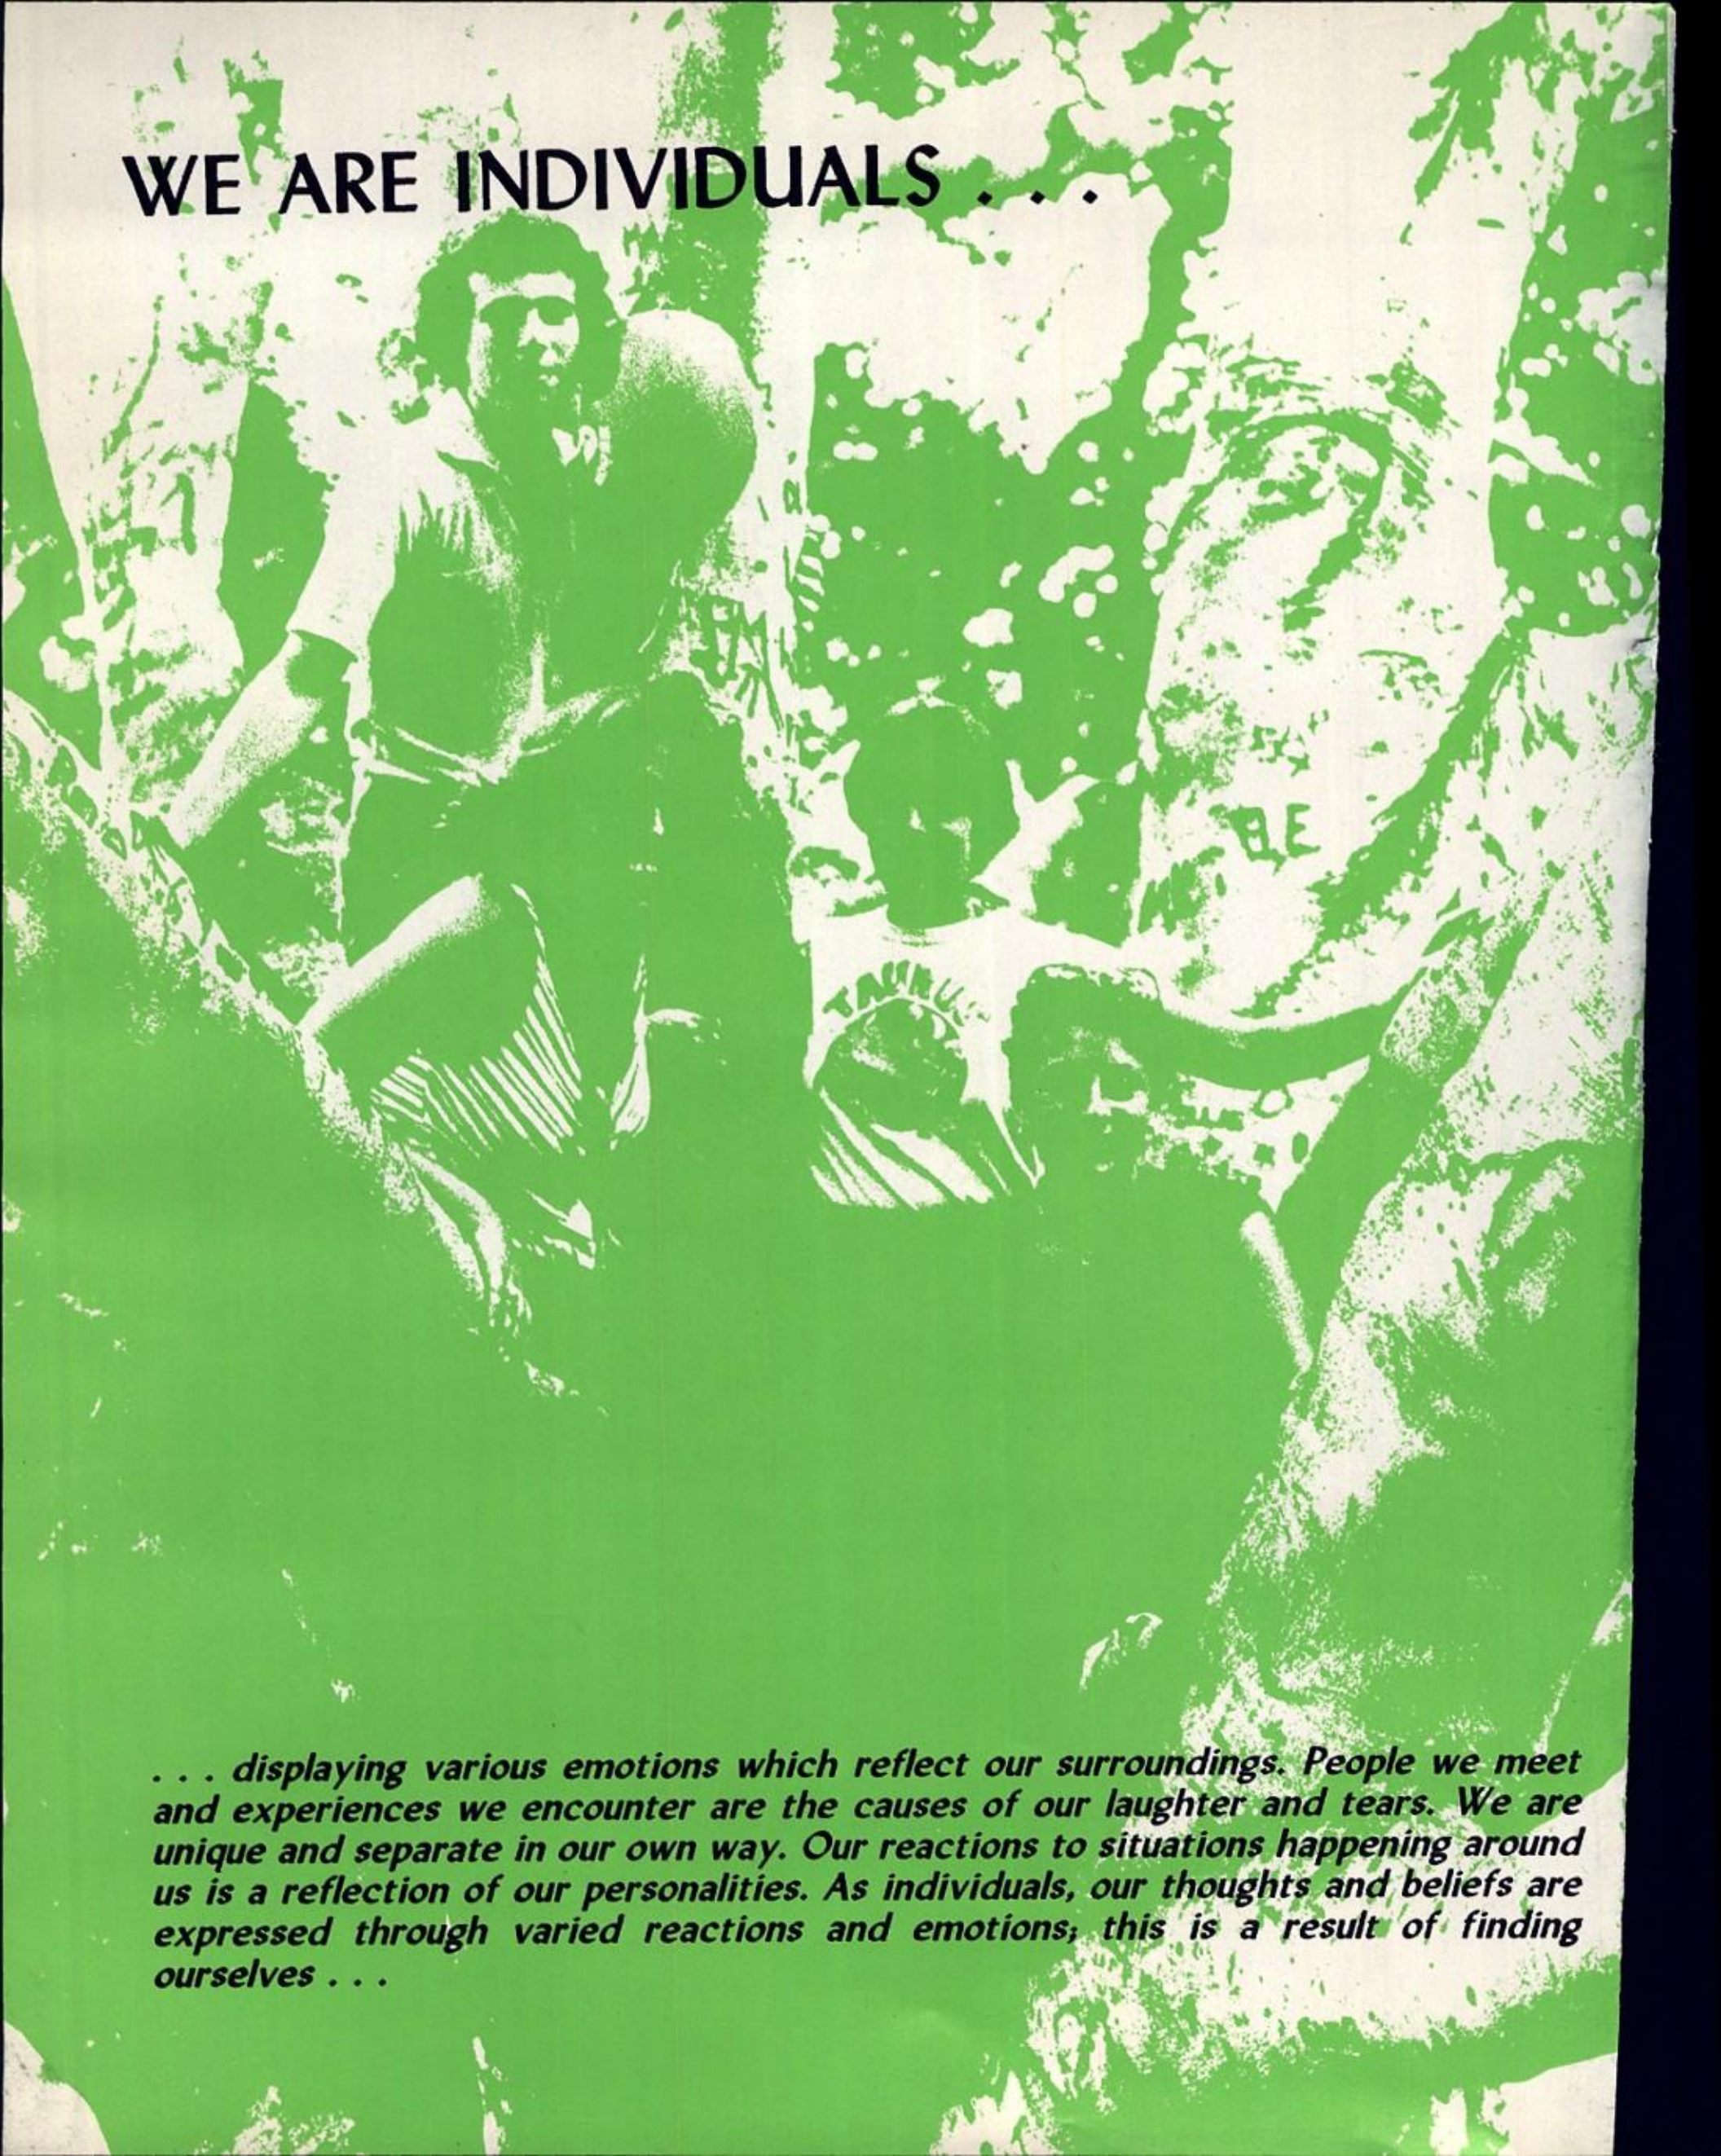

We, THE CLASS OF 1978, reflect on the memories of our high school years. Brought together in the unfamiliar surroundings of a new school, we adjusted quickly — developing new friendships and interests. These experiences have made us unique — the first class to complete four years in our high school.

Throughout the following pages of THE LANTERN, these times are remembered and special moments are relived as we find ourselves together once again.

Although the continual passing of time makes way for other classes, and the future readily becomes the past, we will proudly remain THE CLASS OF 1978.

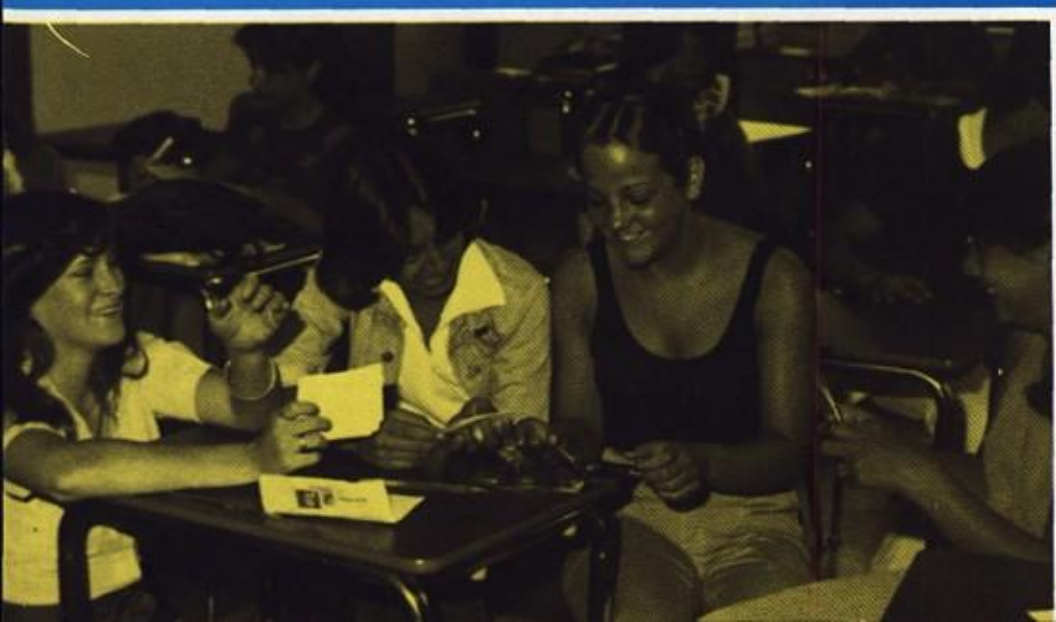

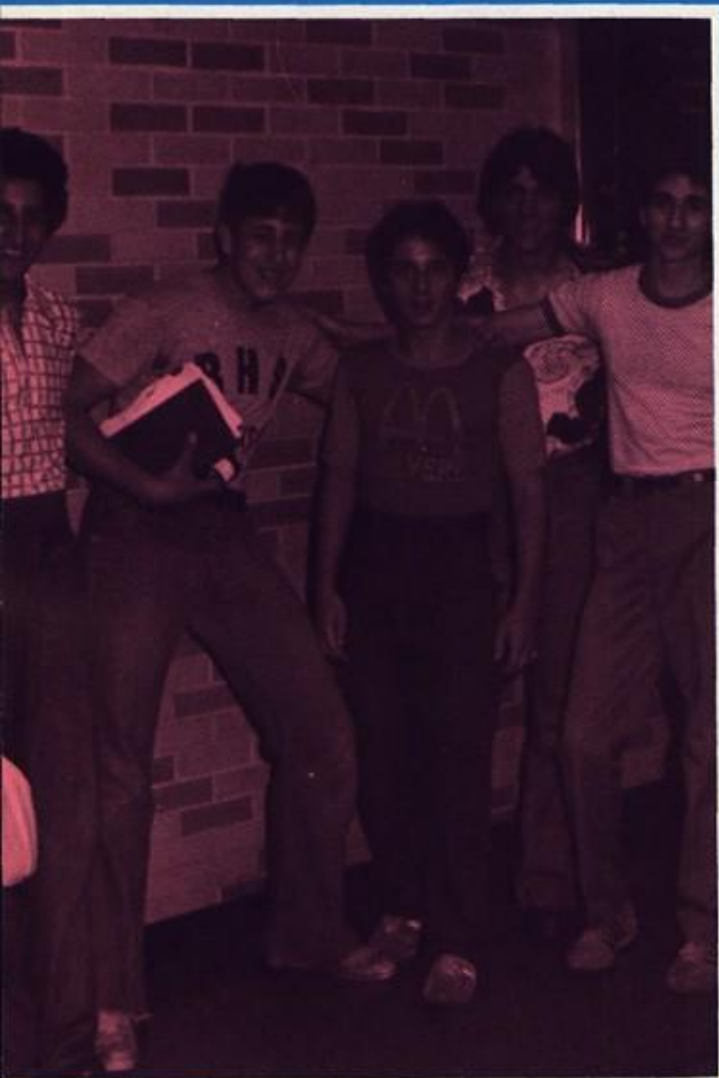

WE ARE INDIVIDUALS . . .

. . . displaying various emotions which reflect our surroundings. People we meet and experiences we encounter are the causes of our laughter and tears. We are unique and separate in our own way. Our reactions to situations happening around us is a reflection of our personalities. As individuals, our thoughts and beliefs are expressed through varied reactions and emotions; this is a result of finding ourselves . . .

GATHERING TOGETHER . . .

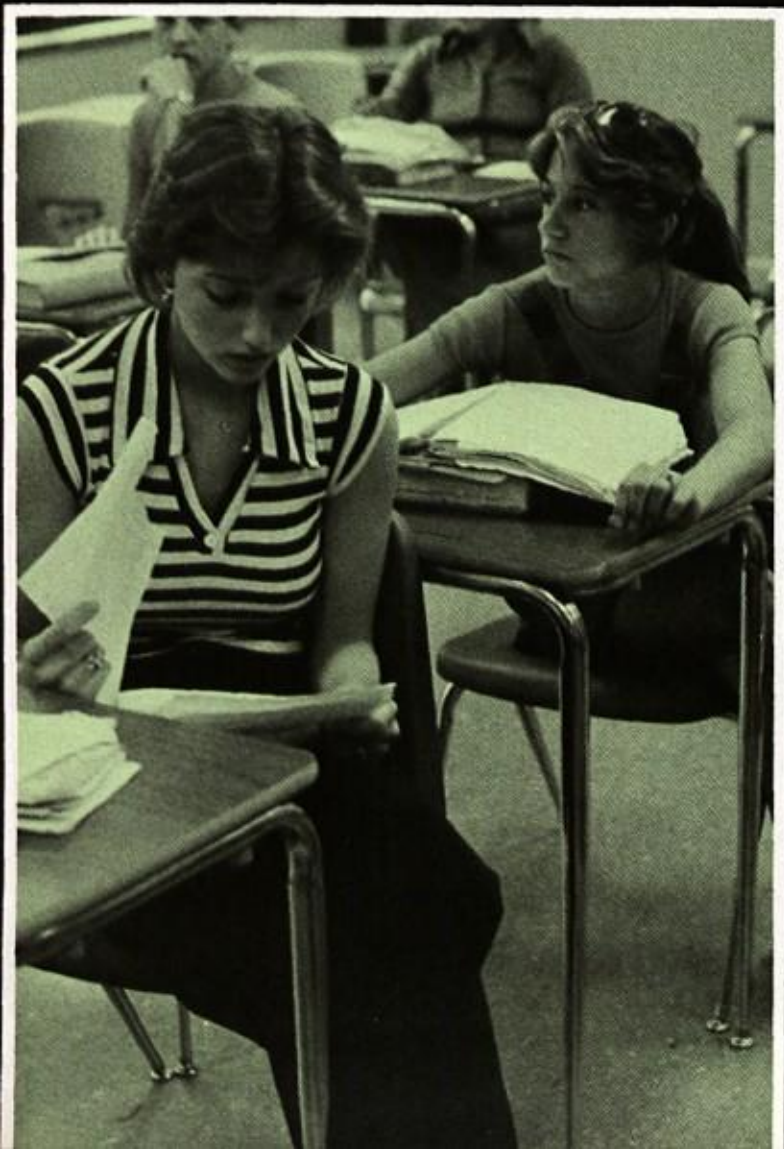

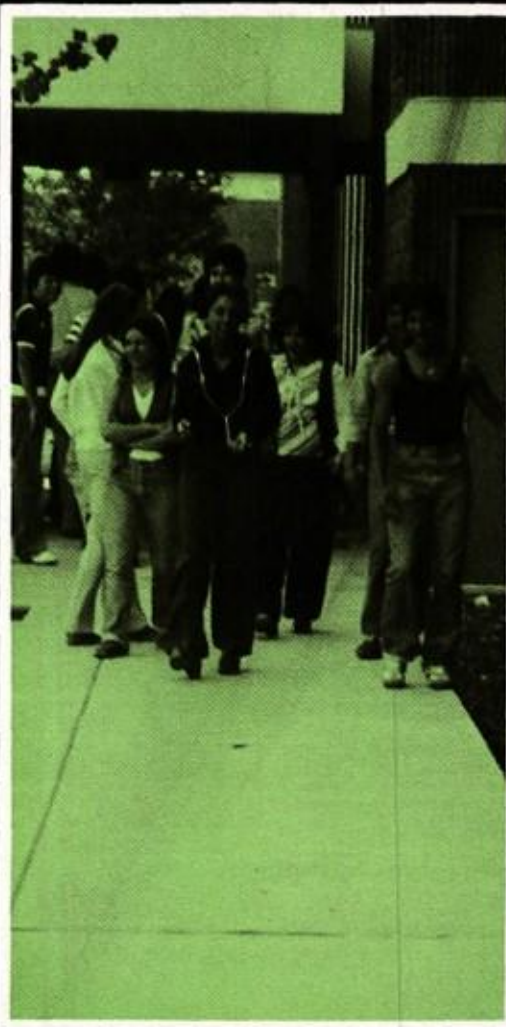

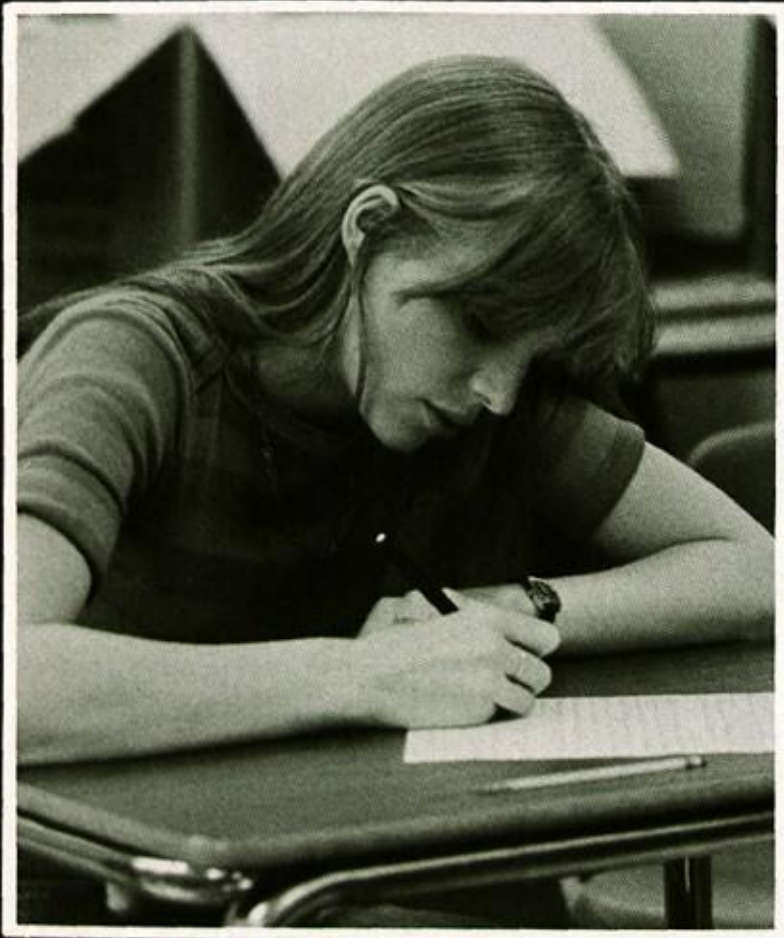

... in an attempt to reach out and touch upon people who compliment our personalities is the main purpose of socializing. Sharing joy or sadness with other people allows us to grow into unselfish and empathetic adults. As we find ourselves giving a little more with each day that passes, we are able to look inward and recognize all we have to offer which can be shared ...

... IN
A
COMMON
SURROUNDING
...

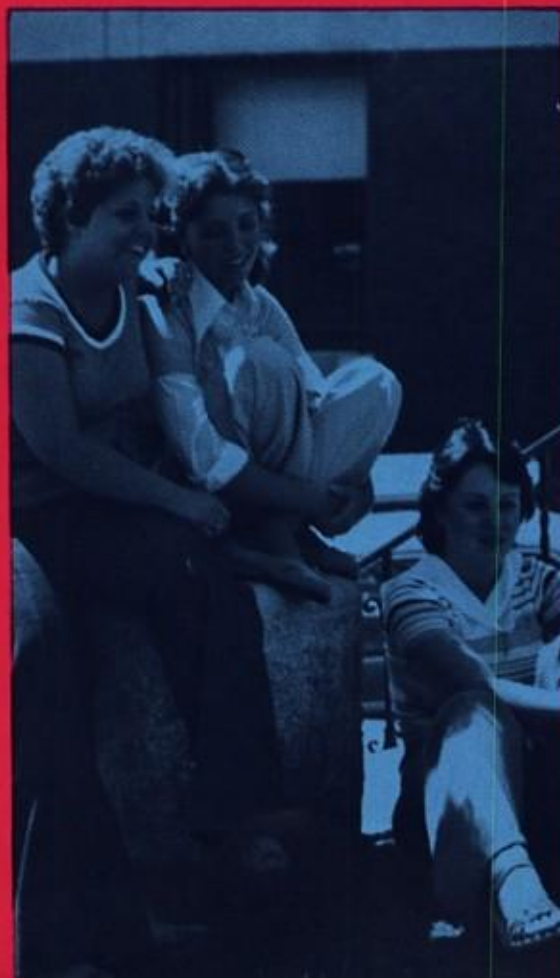

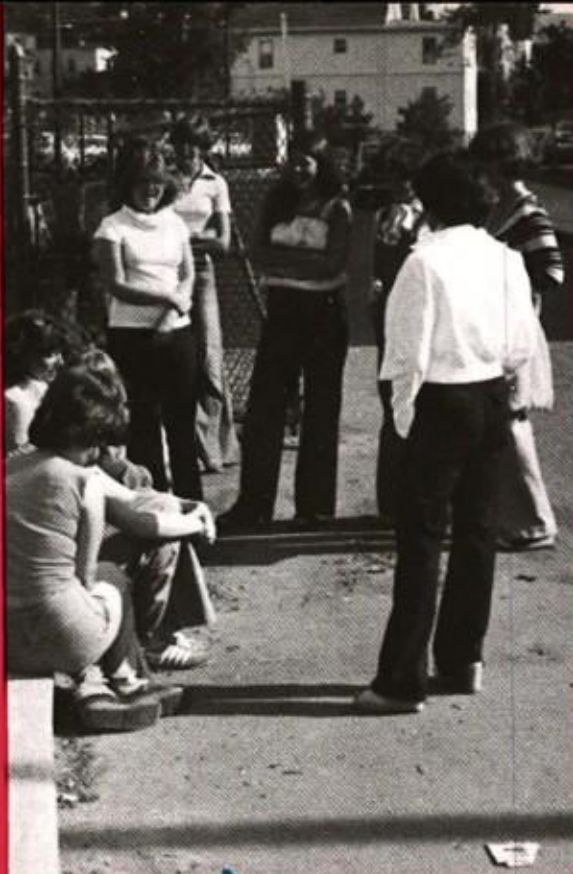

... we not only strive to expand our academic knowledge but also strive to gain the valuable experience of friendship. Through acquaintances, we learn from each other how to cope with the diversifying problems of every day life. We afford ourselves the opportunity to acquire an insight to people and friendship by ...

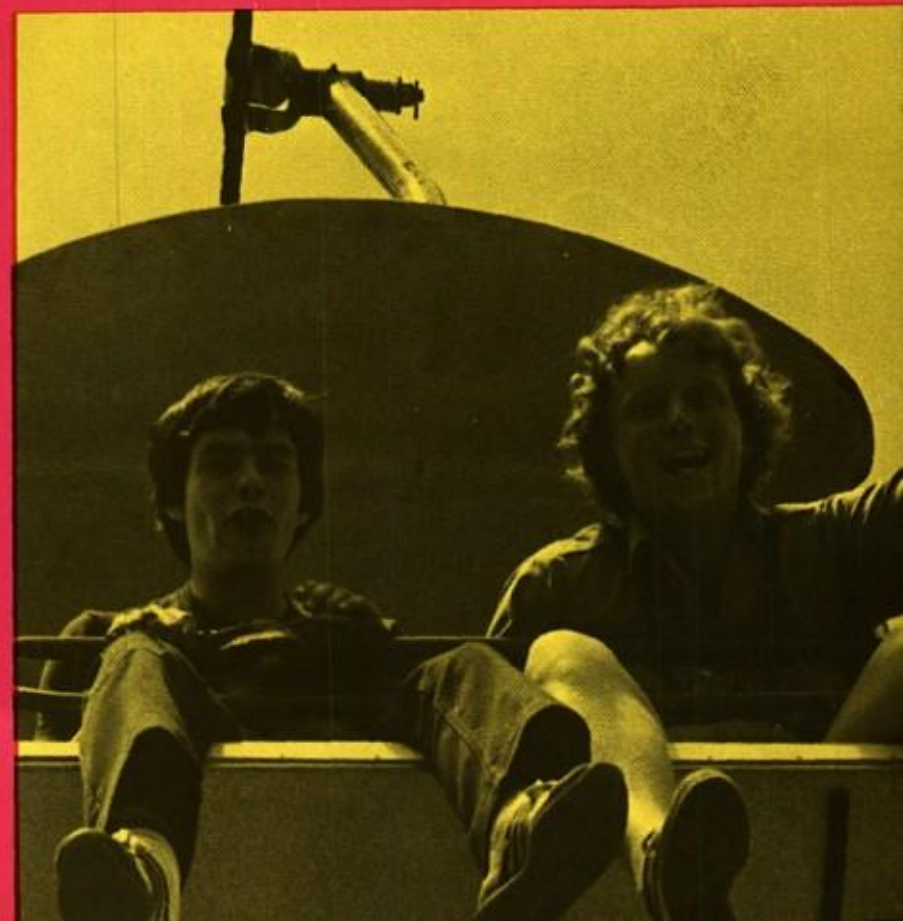

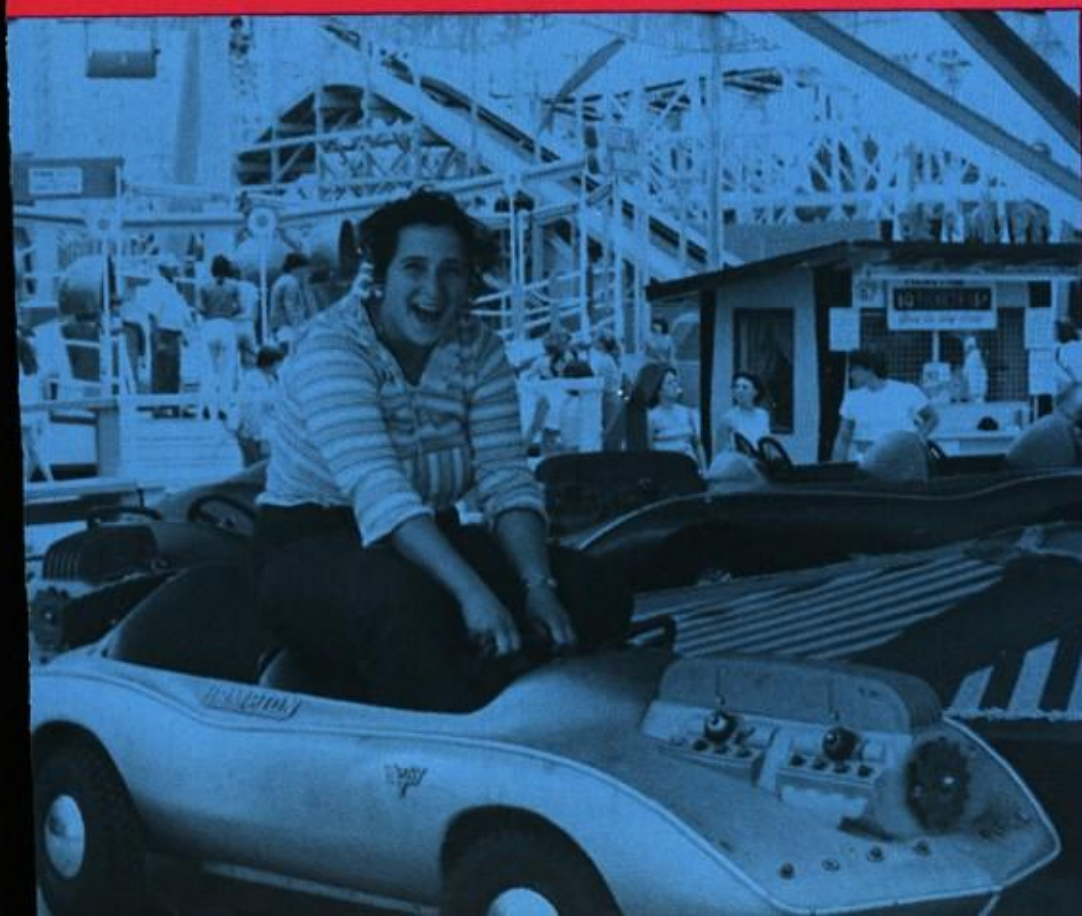

... DISPLAYING MUTUAL INTERESTS ...

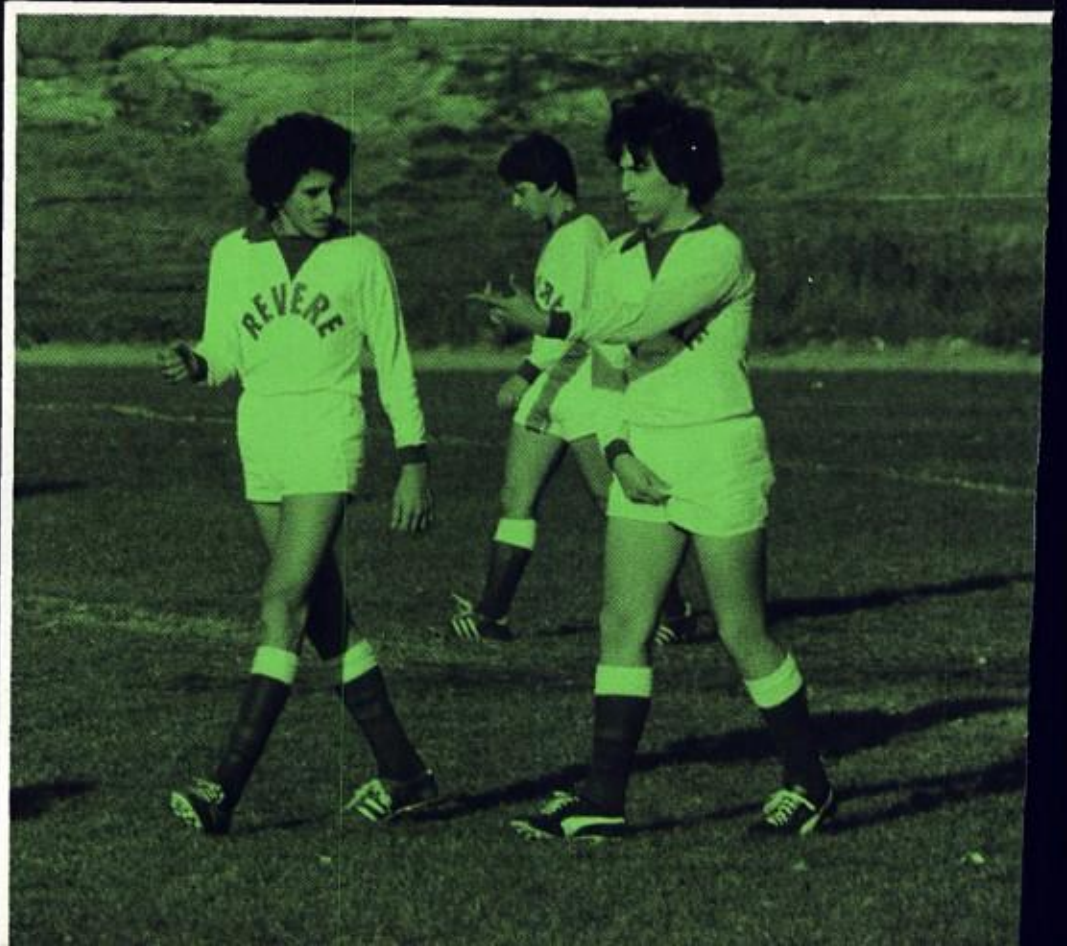

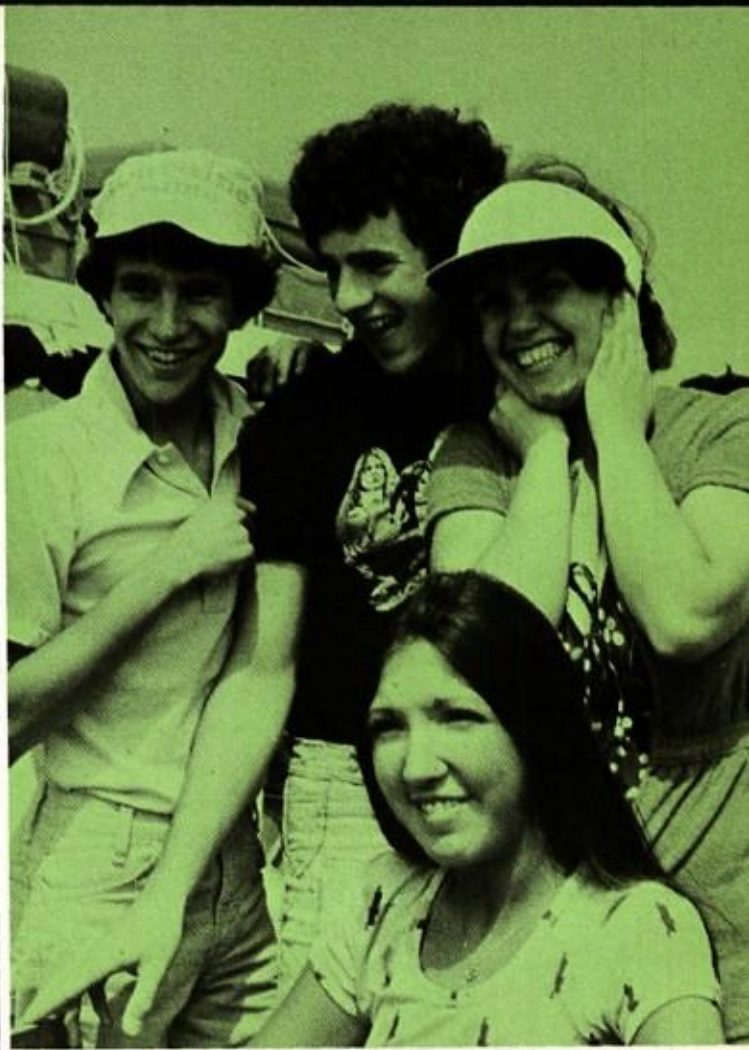

... through the various things we do, we emphasize our enthusiasm for involvement. As a part of one community, we socialize together. School spirit and community pride are the major topics of conversation at popular restaurants and meeting places. As a result, we strengthen old friendships and establish new ones . . .

... THROUGH
DIVERSE
ACTIVITIES ...

... we enjoy every moment of our lives to the fullest. Our interests and spirit provide us with the opportunity to become an integral part of our community. Good times spent with good friends at a prom or at Martha's Vineyard express our independence and soon become memories that will be treasured forever as we now turn to ...

... A NEW BEGINNING ...

*We must prepare ourselves to confront the world. With our well-developed backgrounds, we look to the future with certainty and confidence of our success. It is essential that we pursue those endeavors which we are most capable. As individuals seeking our destinies, we will become members of a complex society; the transition will be a great one. However, with determination and perserverance, **THE CLASS OF '78** will strive for their accomplishments as an important part of tomorrow's world.*

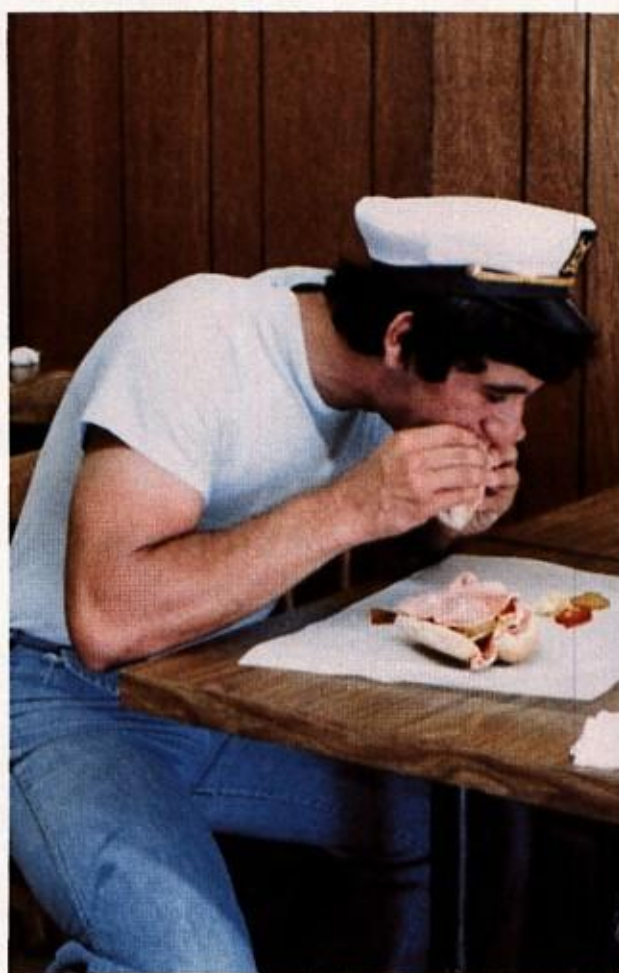

EXPERIENCES '78 . . .

Generating our energies in different directions, we broaden our horizons beyond the classroom. Through each situation we encounter, we come one step closer to becoming total individuals.

SING ALONG WITH SENIORS '78

As we boarded the commodious motor coach bright-eyed and bushy-tailed, we eagerly awaited a day at Martha's Vineyard. No sooner had we crowded onto our bus did we find ourselves at Hyannisport where a change of transportation was made. We climbed aboard the luxury liner, CROSS RIF, fully equipped with the most modern conveniences available and later found ourselves at a dock in Oak's Bluff. Overcome with anticipation, yet deterred by starvation, we trudged towards the nearest beach where we ravenously devoured our delicacies. Amidst the rolling surf, many basked in the sun, while others toured the island, and still others reaped the fruits of the Vineyard. We sought out the production of JAWS II, in addition to the wide variety of recreation available to the non-islanders. Although it was the end of the day, our energy was not depleted. We burst into a chorus of Christmas carols, much to the dismay of the other travelers, led by "Ole Blue Eyes" himself. Martha's Vineyard will always remain one of the happiest and most memorable days of our high school years.

A TOUCH OF ROMANCE... MOONLIGHT AND
MAGIC

EVERLASTING MEMORIES . . . TENDER MOMENTS

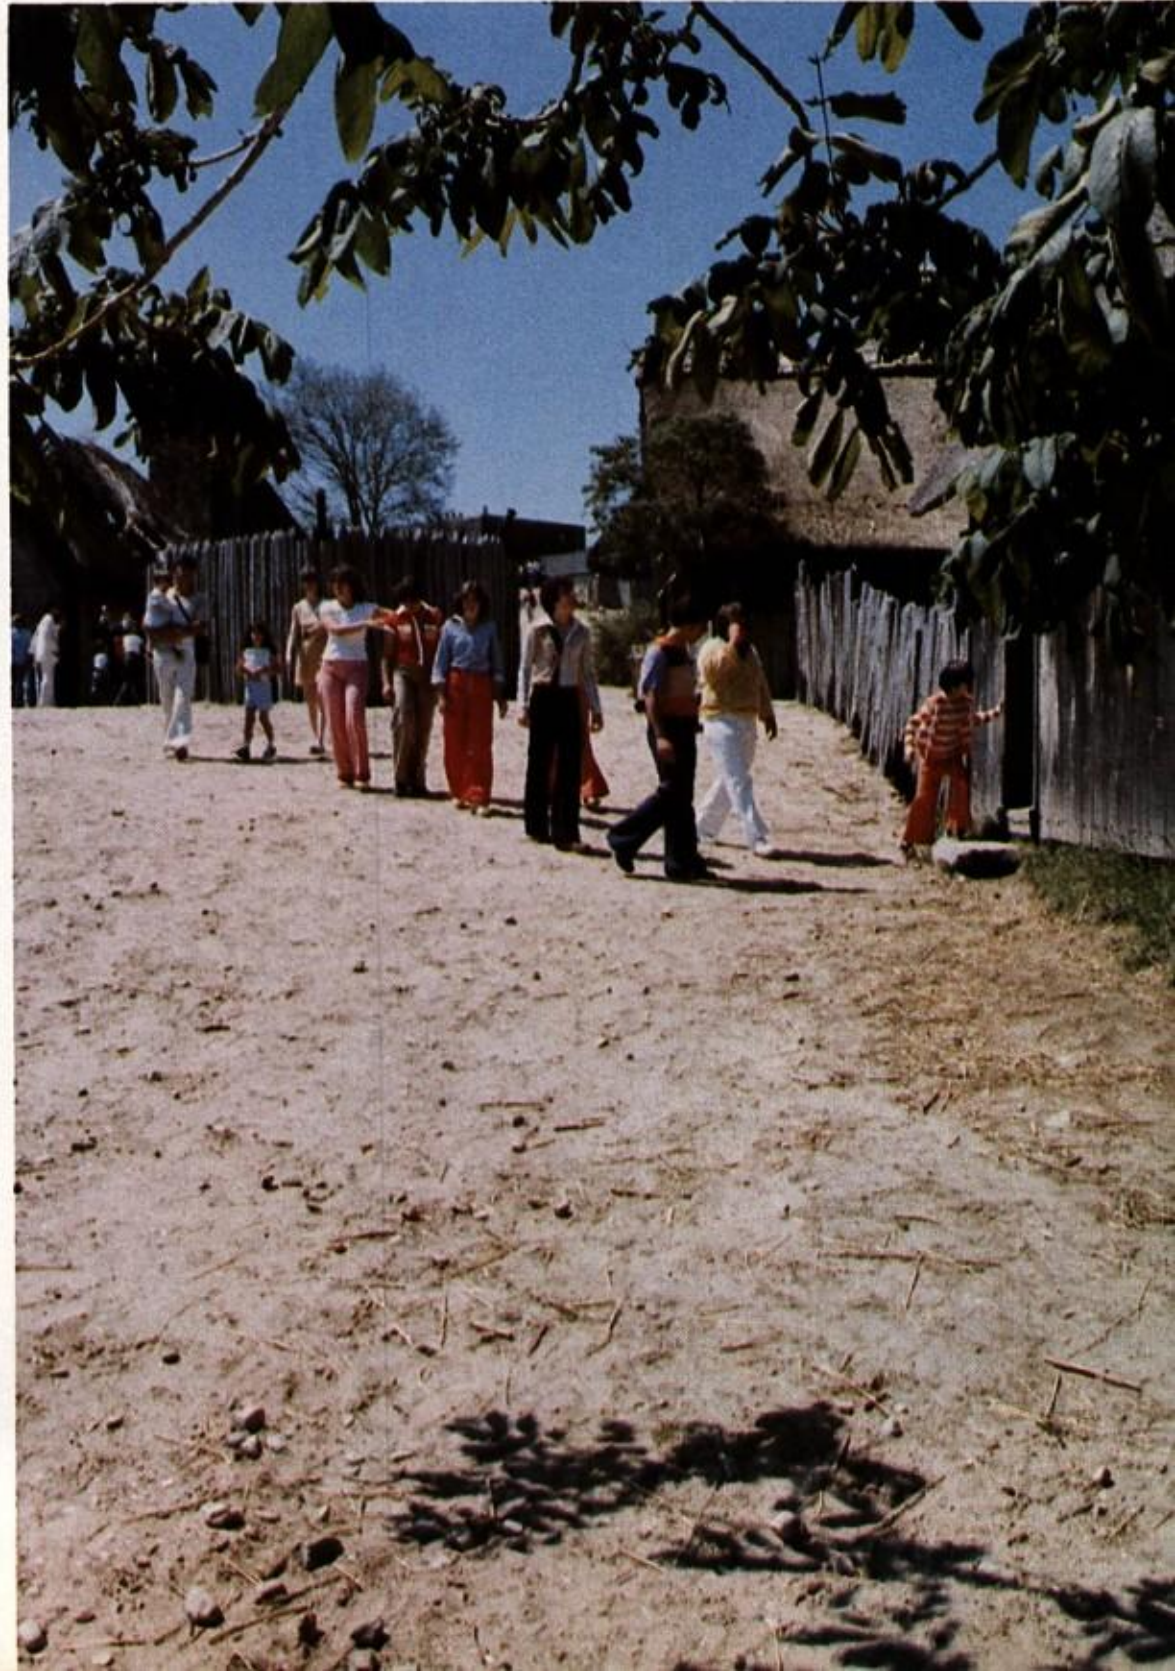

As we strolled along the balcony outside the Danversport Yacht Club, the sun calmly set over the water. It was May 12, 1977 — the night of our long-awaited Junior Prom. Inside, the band for the evening, "No Exit", began to perform many familiar tunes which prompted couples to the dance floor. A feeling of warmth and love radiated within the room. Although the prom ended just as quickly as it started, the memories of the evening will be remembered and treasured forever.

CONCERNED INDIVIDUALS . . . REFLECTIONS OF OUR INTERESTS AND OPINIONS

It is the concern of the Senior Class Officers and members of the Senior Council to inform the Class of 1978 of all school activities that take place. As elected leaders and representatives, their opinions are a reflection of the student body. They make important decisions regarding the needs of the class. They are a responsible group who act as exchange leaders, civic participators, and social activists.

Without the co-operation of class leaders, there would be a lack of participation. Mr. Caruso, in conjunction with the officers, oversees all that takes place within the senior class. With the advisor, officers, and representatives working together as one force, success is inevitable.

REVERE HIGH SCHOOL

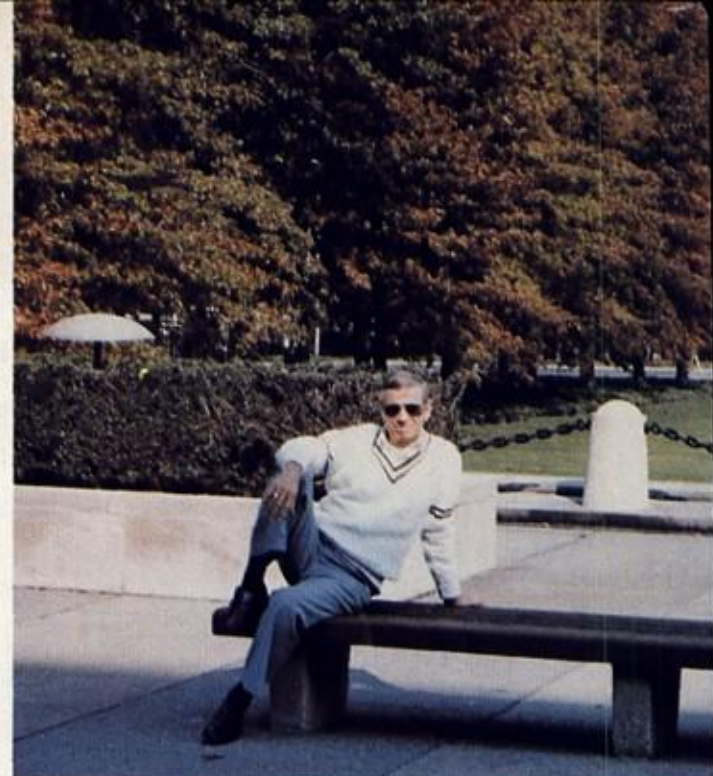

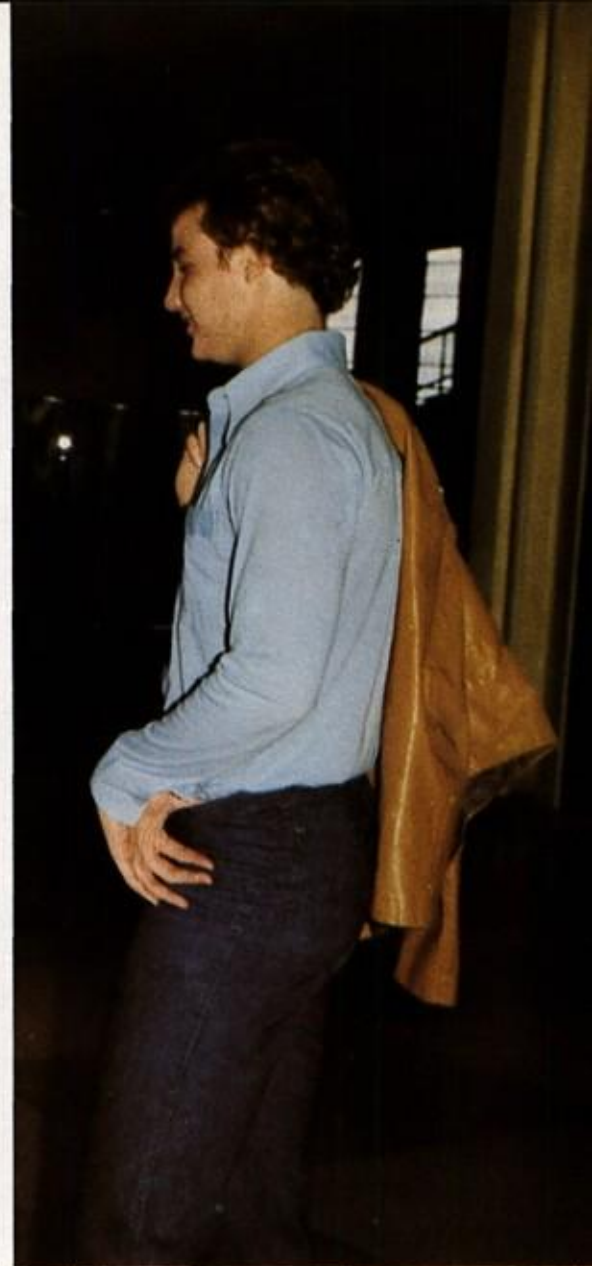

WE'RE FROM REVERE- BUT WE LOVE NEW YORK!

On the sunny, crisp autumn morning of October 24, forty-eight students of Revere High School awaited . . . and waited . . . and waited the arrival of our luxury bus, a product of bi-centennial art. The day of our long-anticipated sojourn to New York had dawned. Despite the ninety minute delay in the arrival of the bus, we all remained optimistic about the extravaganza which was ahead of us. Due to the panoramic scenery of the Massachusetts Turnpike, the ride passed very quickly and was not long, before we made our grand entrance into the "Big Apple". We observed the wide variety of life styles in New York City. We finally arrived at the corner of 52nd Street and 7th Avenue-the location of our lodgings for the evening, the City Squire-Americana Inn. We quickly found our rooms and unpacked, eager to explore, discover and experience the variety of recreation New York offers.

The first stop for many was a gourmet lunch at the Stage Deli, one of New York's most popular delicatessens. After our hunger pains abated, many decided to go on extravagant shopping sprees, while others found the Statue of Liberty, the Empire State Building, and Rockefeller Center interesting and exciting sights to see. The hour quickly flew by. We later returned to the hotel to prepare ourselves for the notorious New York night life. We dined at the exquisite 21 Club and the famous Top of the 6's, many attended "THE ACT", "THE MAN of LA MANCHA," and "CHORUS LINE," and visited lively night spots. It was inevitable that our energies were exhausted after such escapades. We hailed taxis and were chauffeured back to the City Squire.

At the hotel, our last bursts of energy exploded and carried us through the remaining hours of the night. Friends occasionally stopping from room to room offering after-midnight snacks were gladly invited in by all to exchange the varied activities they encountered during the evening. Enjoyment and fascination were dominant themes of conversations. These circle of friends were broken by wide yawns as students proceeded to their rooms to catch 40 winks before the big day at the U. N. In later years, when we look back on our high school days, New York will strongly stand out as one of the most enjoyable and unforgettable activities of our senior year.

LEARNING THROUGH EXPERIENCE . . .
ALTERNATIVE EDUCATION.

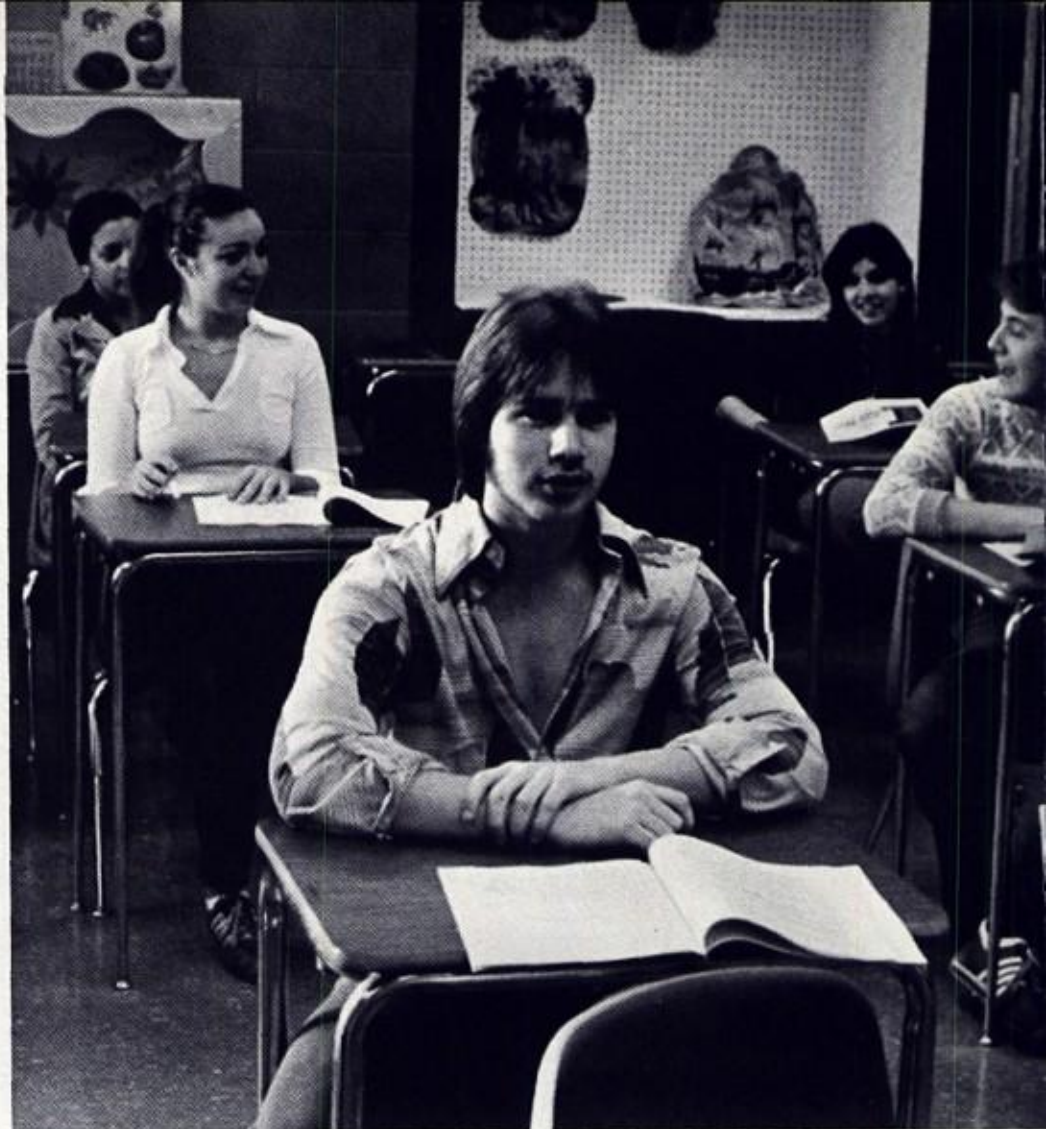

Alternative Education is a different approach to learning. It enables the individual to apply his knowledge and experience to work situations and future education. With experience in such diverse areas such as restaurant management, on-the-job training, and college preparatory courses, the students are introduced to the numerous opportunities which await them after graduation.

LIBRARY AIDES . . . ASSISTING IN THE LEARNING RESOURCE CENTER

The library, an essential part of the school, could not function successfully without the cooperation of interested students. Its efficiency depends on the dedicated individuals who maintain its productivity. With the assistance of Mr. Goss, the library aides are able to help the students uncover literary, scientific, and historical information.

"WRHS-TV . . . THE WORLD OF TELEVISION COMMUNICATION"

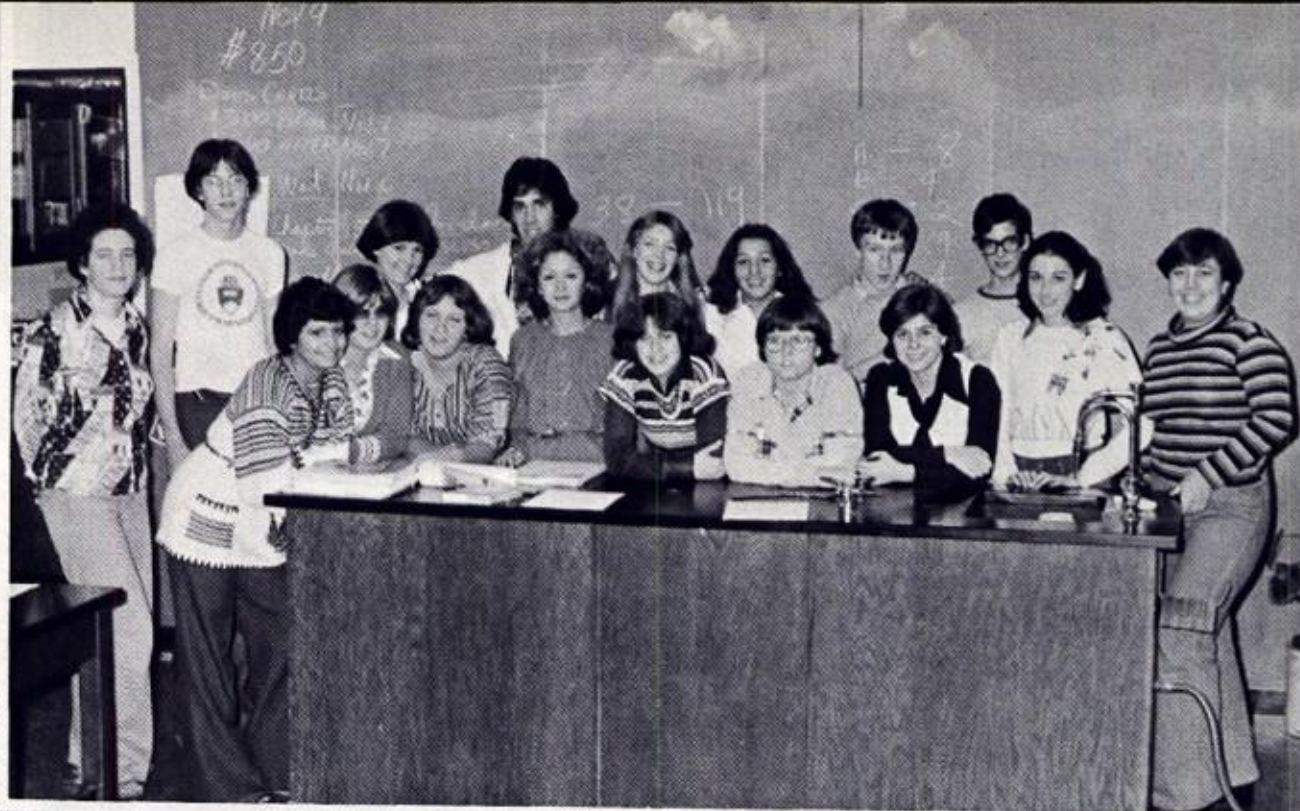

The students involved with the WRHS-TV Studies under the instruction of Mr. Berkowitch are responsible for all of the media communication throughout the school. As well as learning the operation of intricate cameras and equipment, students are exposed to the elements of creating, producing and directing a show. Recent productions include political debates, and a student version of "The Gong Show," as well as a telethon and several bi-lingual shows.

BIOLOGY CLUB . . . PURSUING THE STUDY OF LIFE

Students participating in the Biology Club attempt to acquire a better understanding of life through experiments and field trips. Cross-breeding, mitosis, the digestive & respiratory systems, and microorganisms all play an integral part in the activities of the Biology Club. Their interests and abilities will serve as assets when confronted with the scientific challenges of the future.

Where there's smoke, there's sure to be Mr. Marget and his ever faithful Chemistry Club. On Wednesday afternoons, Room C-4 explodes as the clatter of beakers and test tubes mark the beginning of each meeting. Through continual experimentation with acids and bases, molecules, and chemical compounds, the Chemistry Club develops a better insight to the inorganic world.

THE HORTICULTURAL CLUB . . . "ALIVE AND BLOOMING"

If you do not know why your African Violets are not blooming, why your Spider Plant is childless, or why your flowers just "look depressed," you should seek advice from the members of the Horticultural Club. These plant-lovers utilize their spare time learning the proper care and treatment of various forms of plants, flowers, as well as herbs. Planting bulbs, making terrariums, and starting vegetable gardens are all a part of their activities in this "ever-growing" club.

A GLOBAL EXPERIENCE . . . THE FOREIGN LANGUAGE CLUB

Through the diversity of culture and varied languages, the members of the Foreign Language Club emerge with international ideas, creativity, knowledge, and expanded awareness. A greater appreciation of "other lands, other people" results. The activities of the Club are many, ranging from a visit to the historic Hammond Castle, to the sampling of foreign restaurants in the Greater Boston area. The advisor, Mr. Peter Reitsma, works with much enthusiasm, time, and effort for the members. Activities of this club greatly expand the academic pursuit of a foreign language.

***R.H.S. POWDER
PUFFERS STOMP
ONTO THE FIELD!!***

After three weeks of intensive practice and numerous "chalk talks," senior girls were prepared to meet the challenge of the female Winthrop Vikings. Five years have passed since powder puffers first made their debut; curious spectators crowded the stands to see the football action reappear at Harry Della Russo Stadium. The girls marched onto the field fully uniformed, prepared, and determined.

The game was designated as flag football, but "rough play" was not excluded from the action. Players were tackled, tumbled, and tripped in their gallant efforts to snatch those "flying flags." The fans were surprised by the thrilling competitiveness of the two teams. The Patriots never gave up; they bit the dirt in their unending attempt to defeat Winthrop. Although Revere was defeated by a small margin, it was an enjoyable day for everyone.

R.H.S. PATRIOT - PROVOCATIVE COMMENTARY CONCERNING THE SCHOOL COMMUNITY.

Members of the Patriot Staff combine their efforts and ideas to produce a newspaper that successfully represents the students of R.H.S. They keep students informed of current activities of interest such as popular movies and concerts, as well as memorable high school events. They present editorials and offer a number of viewpoints which stimulate the readers into active discussions. They inform the students of happenings both within and beyond the school community.

FACULTY-STUDENT SENATE ... PROVIDING AN OPEN FORUM FOR THE NEEDS OF THE SCHOOL COMMUNITY.

Since every member of Revere High School takes an active interest in the welfare of our school, the Faculty-Student Senate was formed. Three representatives from each of the four classes are elected by the students; seven representatives from the faculty are elected by their peers; and an administrative representative is appointed by Dr. Losco.

NATIONAL HONOR SOCIETY

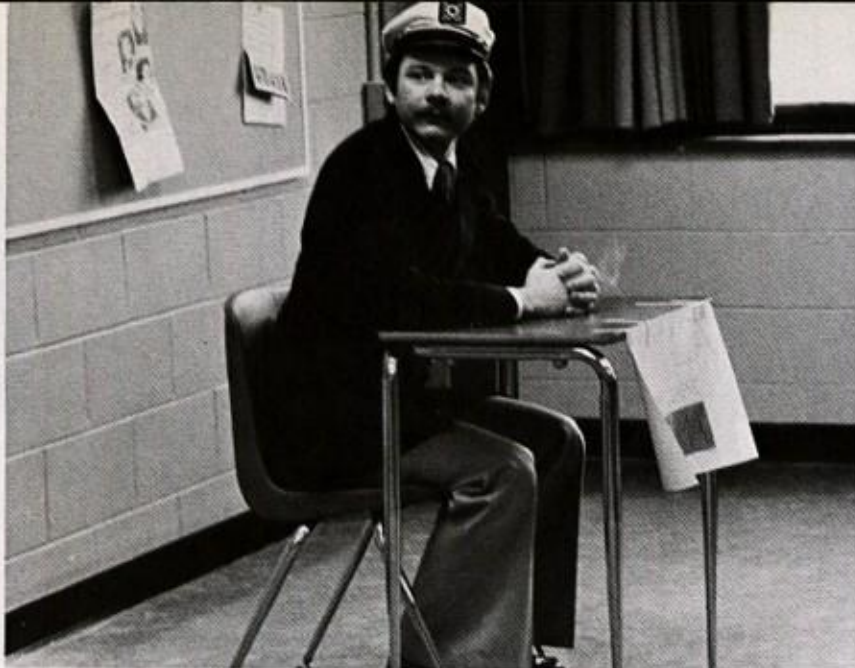

The National Honor Society is composed of students who are worthy of merit due to their academic accomplishments and excellence throughout their high school years. Their outstanding abilities, coupled with their unique qualities of leadership and responsibility, attribute to their success as members of the school community. Under the advisement of Mr. McCarron, these productive students organize activities and plan functions for the future.

STUDENT ADVISORY COMMITTEE . . . *THE INTERACTION OF STUDENTS AND OUR CITY GOVERNMENT*

During the month of December, the students at R.H.S. elect the members of the Student Advisory Committee. There are five members chosen who must possess outstanding qualities of dedication and responsibility. Their function is to express their views as well as the opinions of the students and to propose changes to the School Committee. Attending School Committee meetings at City Hall also broadens the perspectives of these students to the procedures of community assemblies.

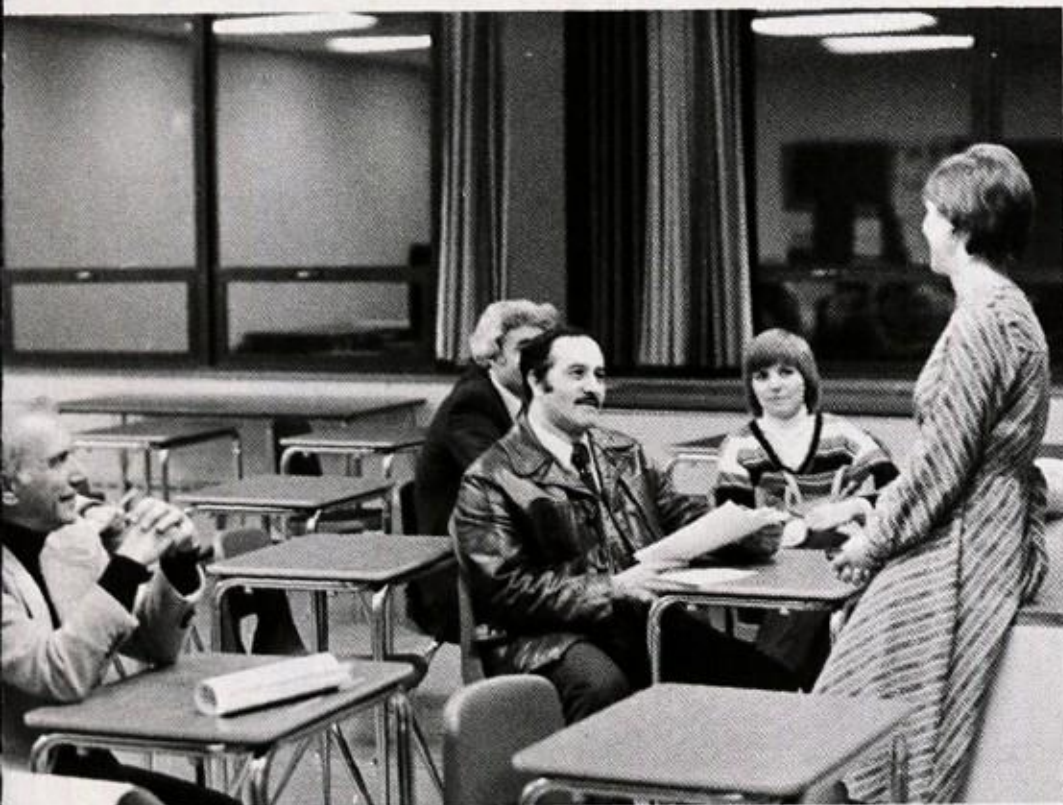

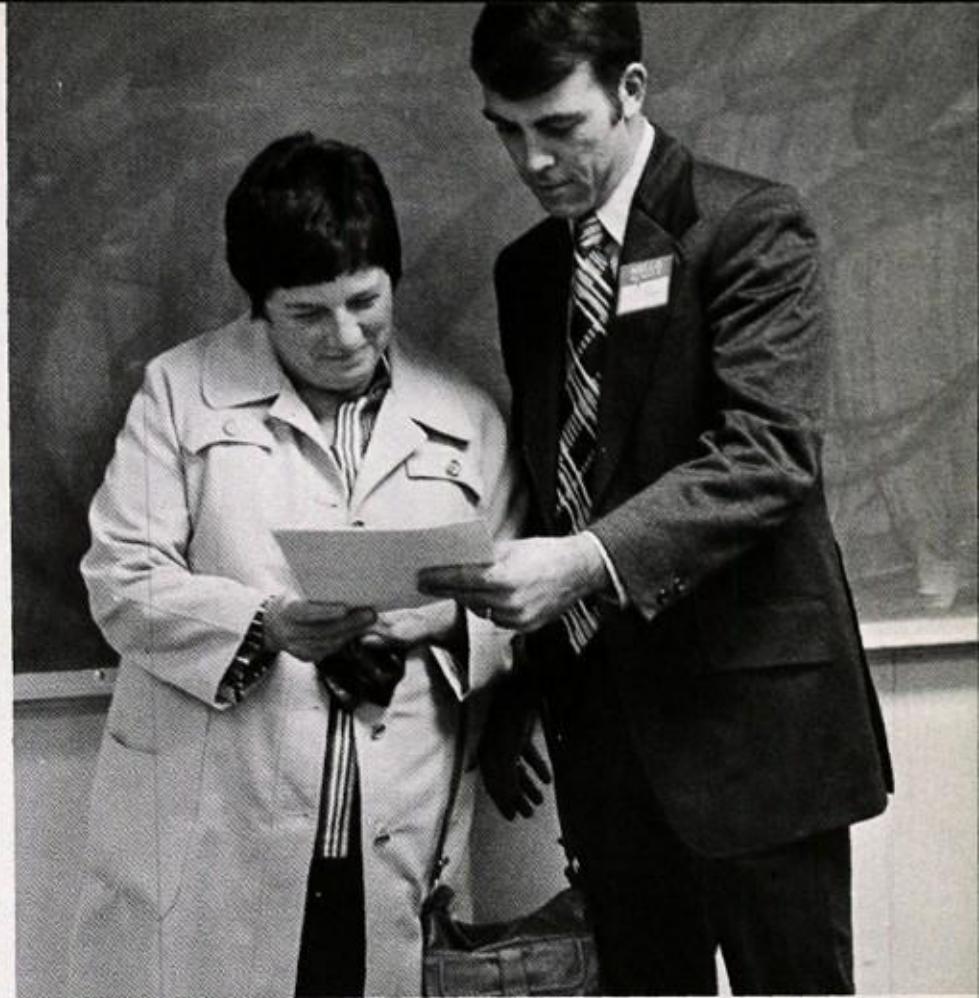

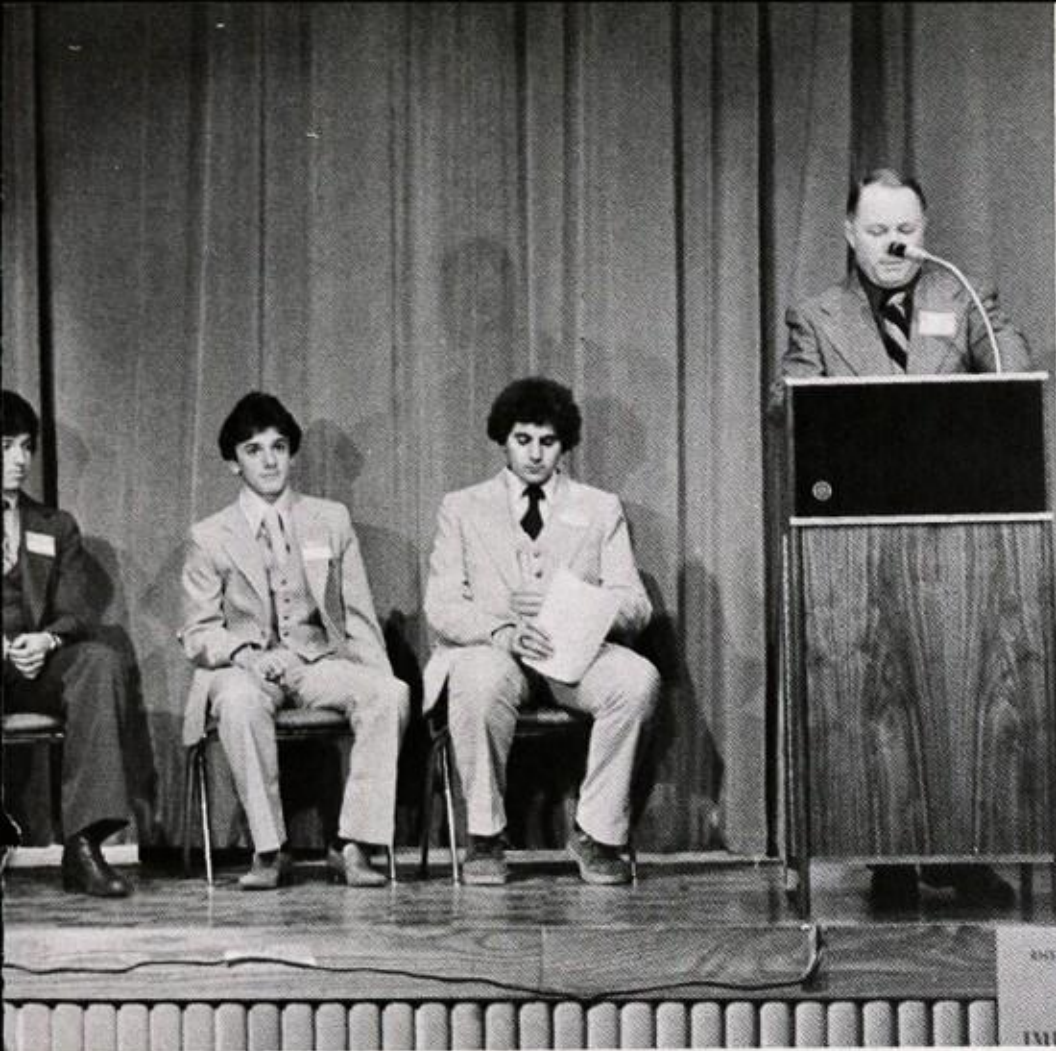

FOREIGN LANGUAGE FESTIVAL . . . *"A ROMA O A HONG KONG?"*

On Thursday, December 22, the Italian IV class held their annual festival in Room 102. The afternoon included the skit "A Roma o A Hong Kong?" (written and performed by Italian IV Students) which was the highpoint of the festival. Susan Colella as the skyjacker, Carmella Capano as Mamma, Laura Travaglini as Giuseppina, Michelle DiCarlo as Tina, Karen Kapamagian as the stewardess and Mr. Reitsma as the deaf-mute pilot put on a hilarious performance as 5th period Italian students burst into laughter. The skit ended with the stewardess throwing a whipped cream pie into the face of the skyjacker. It was a great time for all involved (especially the skyjacker) and truly showed the abundant knowledge in the language itself, and the ingenuity of the Italian IV students.

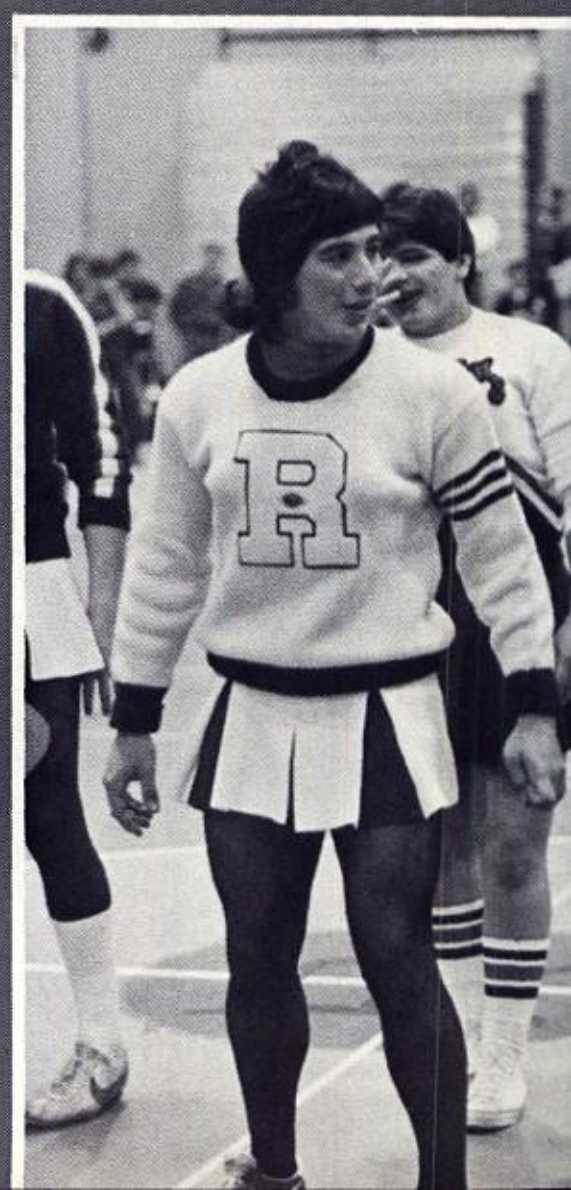

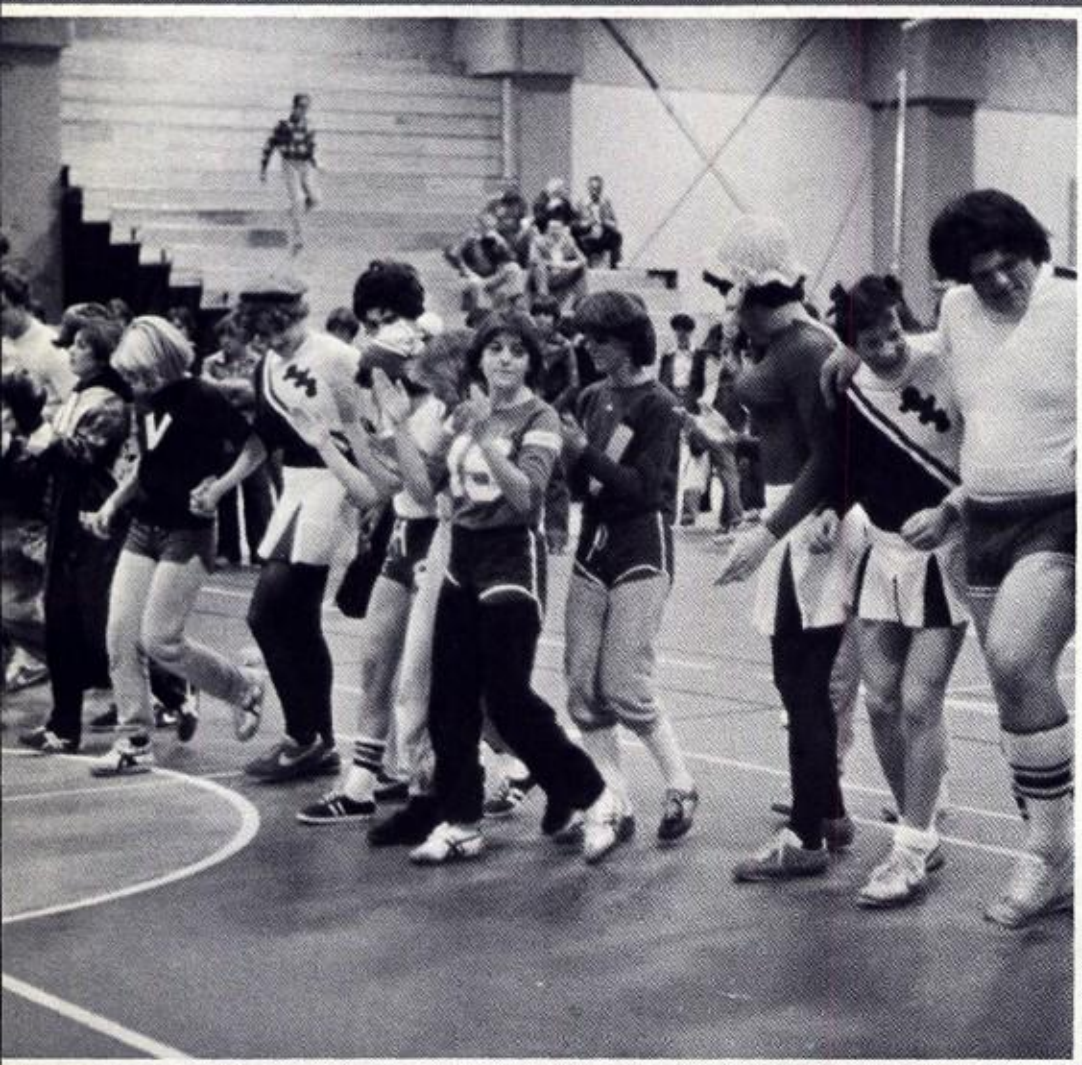

**PAST MEETS PRESENT . . .
PARENTS BECOME R.H.S.
STUDENTS**

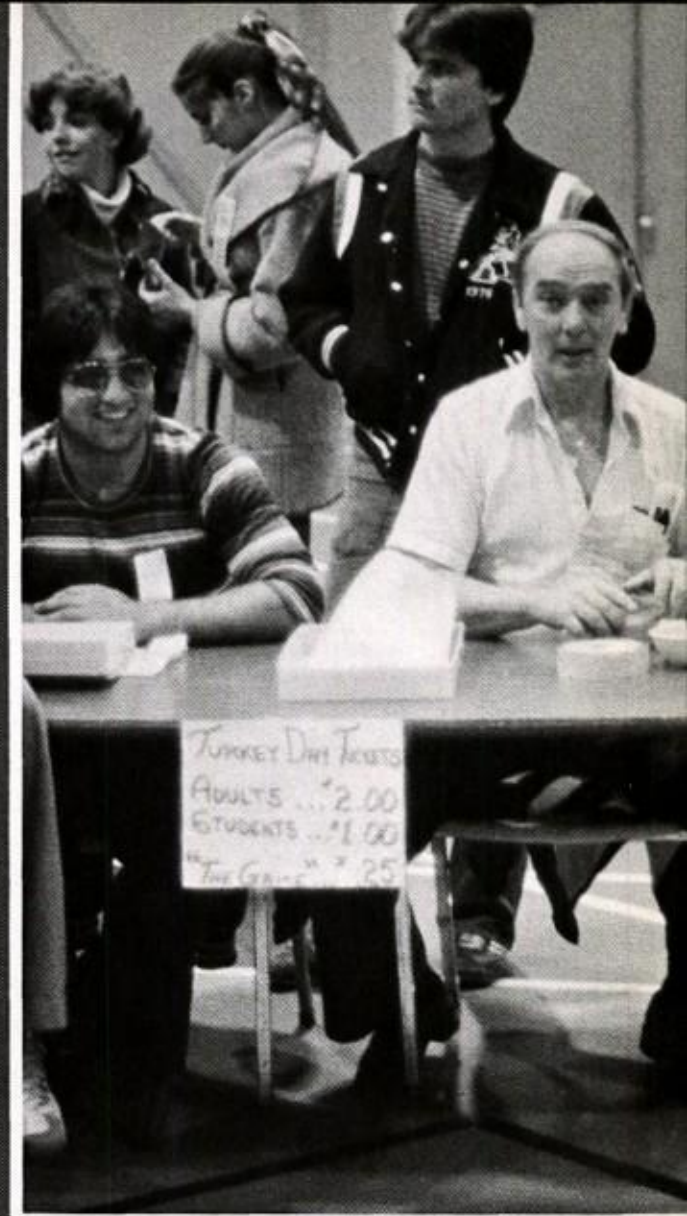

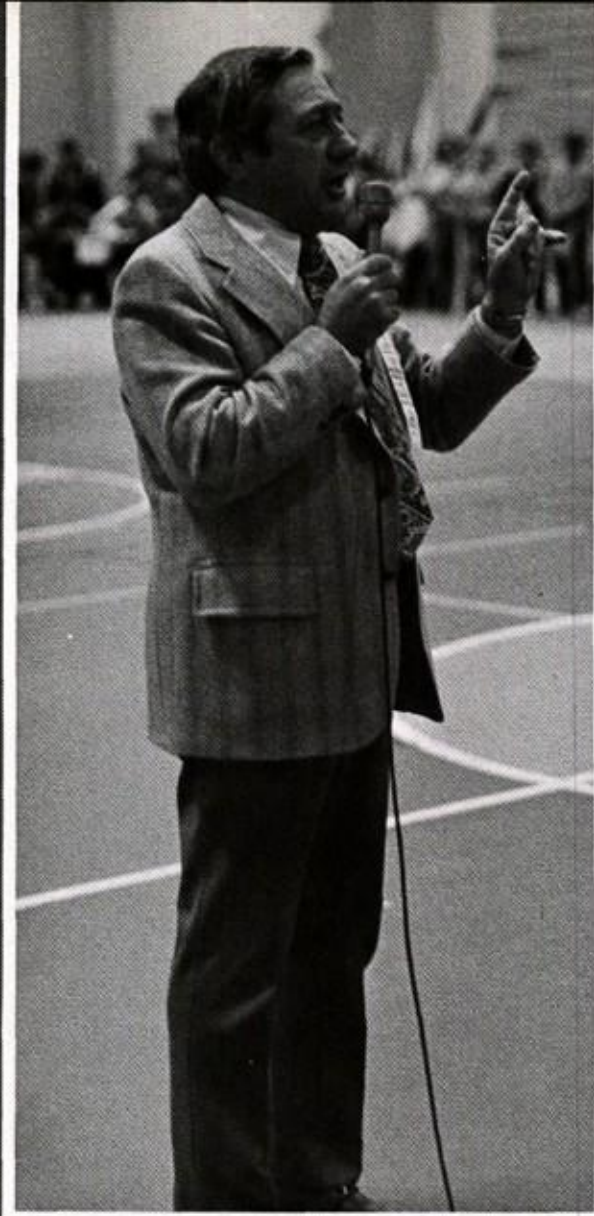

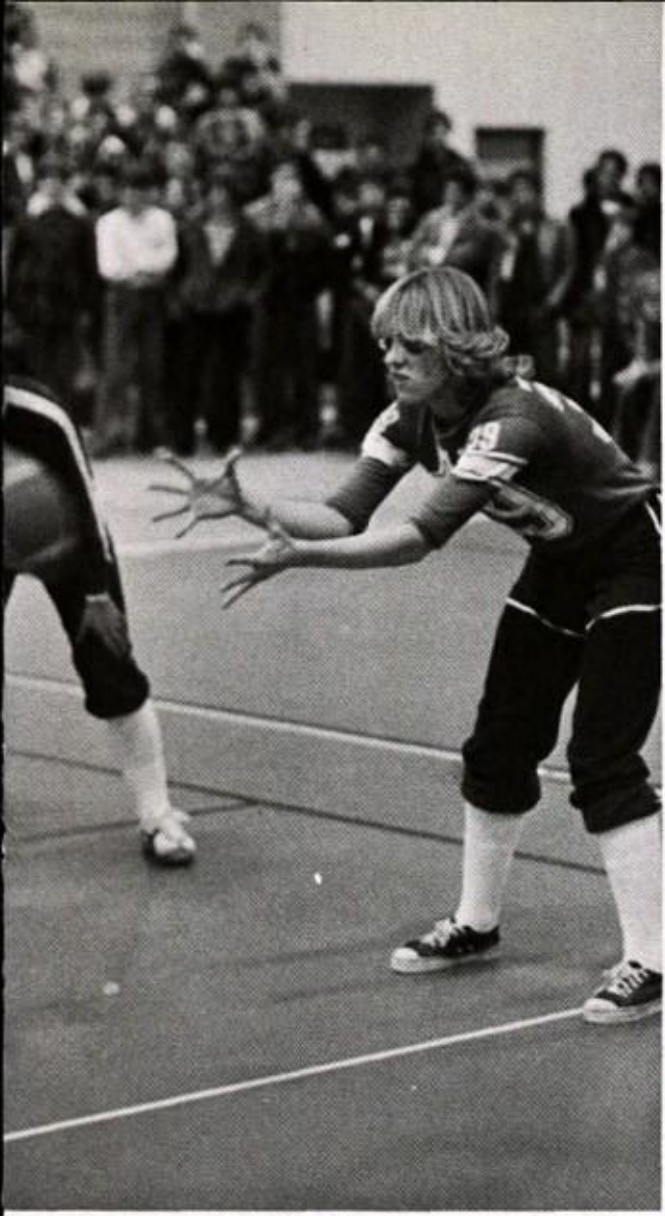

On Monday, November 14, the parents of Revere High School students had the opportunity to experience "high school life" once again. They were given the chance to become familiar with the curriculum by meeting teachers and participating in actual "mini-classes." Parents were overwhelmed by the advancements in both teaching and learning methods. This annual event is truly developing into a long-awaited and very enjoyable tradition.

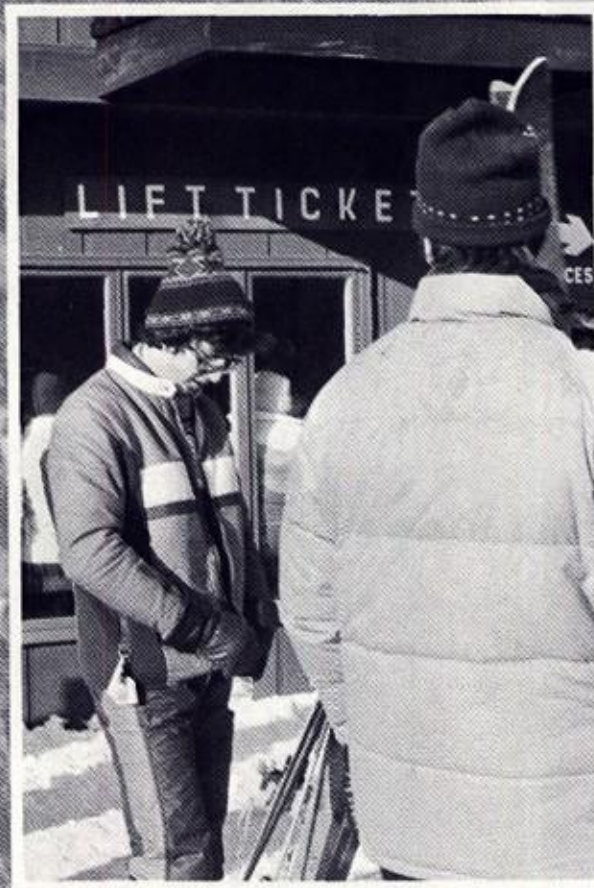

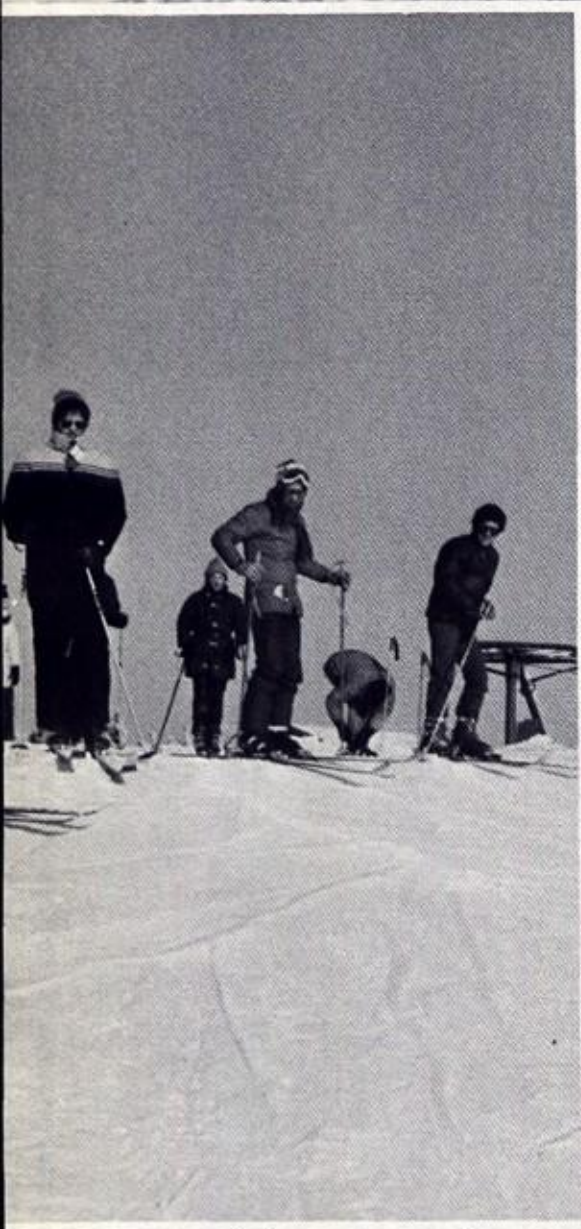

THANKSGIVING PEP RALLY . . .
INCENTIVE FOR THE TURKEY DAY
GAME

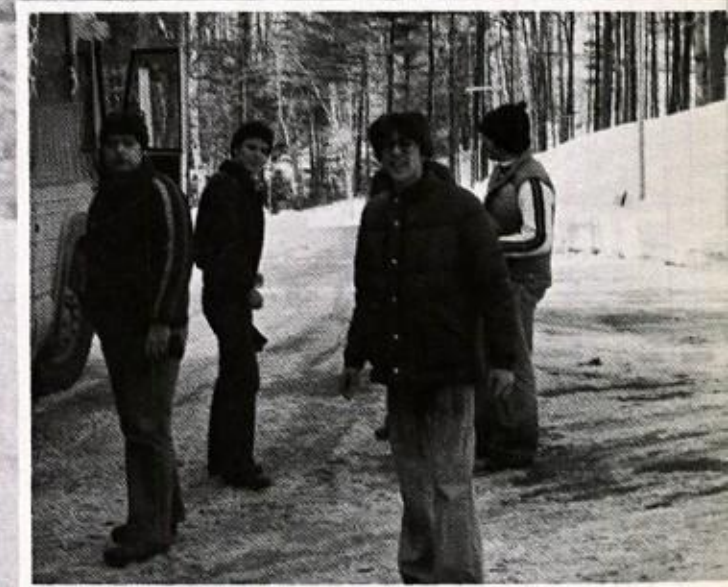

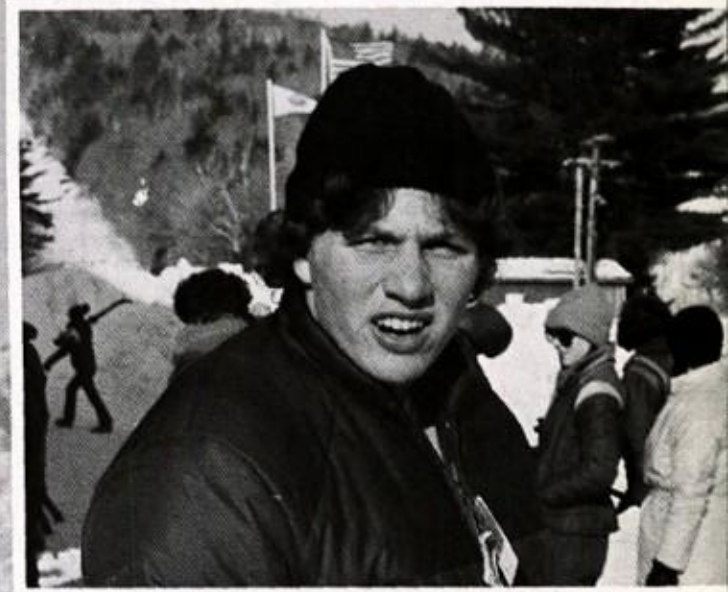

One of the most memorable events of each year at R.H.S. is the annual Thanksgiving Pep Rally which marks the end of each football season. This year the rally, which is customarily held the day before the Thanksgiving Day Football Game, brought together the student body to express their enthusiasm for a victory. Earlier in the month, the cheerleaders, the football players, the Band, and the Pep Club began preparing skits that they were to perform at the rally. The Pep Club members paraded out to welcome the spectators and wish all a Happy Thanksgiving. The highlight of the rally was "a switch" where the cheerleaders posed as Revere Patriots and Winthrop Vikings, as the football players pranced out as the Cheerleading Squad.

BRAVE SENIORS BATTLE THE BLIZZARD OF '78

SENIORS SLIP SLIDE AWAY ON THE SLOPES OF GUNSTOCK

The annual Senior Ski Weekend was anticipated by adventurous winter lovers. Unfortunately, our enthusiasm was postponed by the twenty-eight inches of snow that buried our city. Seniors remained undaunted despite the delay—The Great Snowstorm of '78

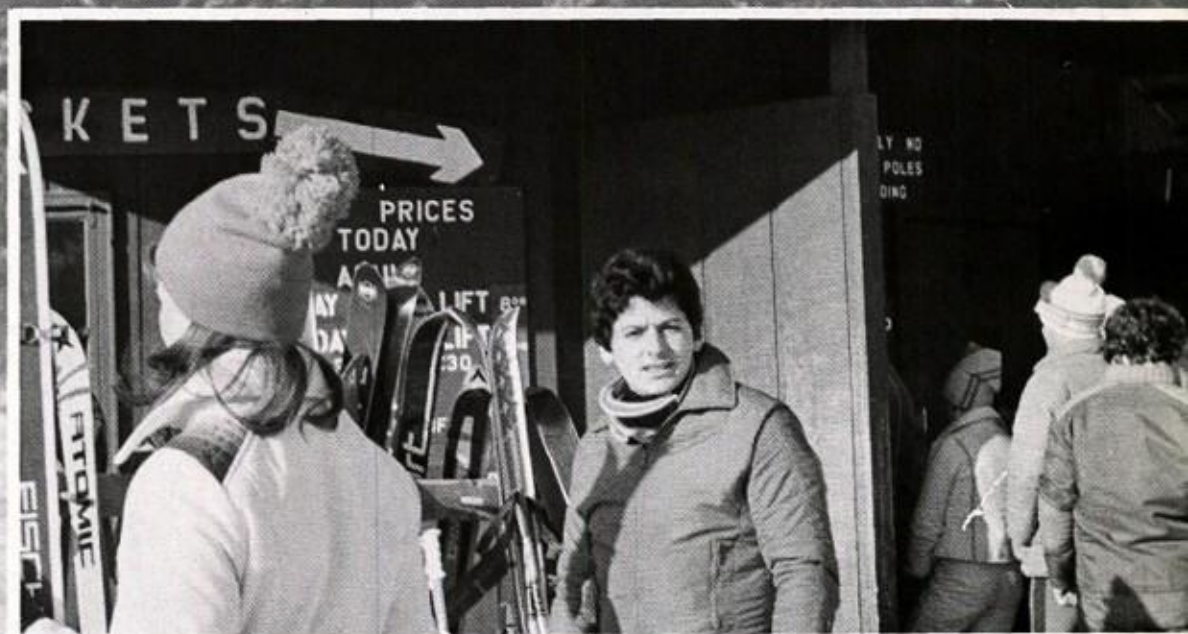

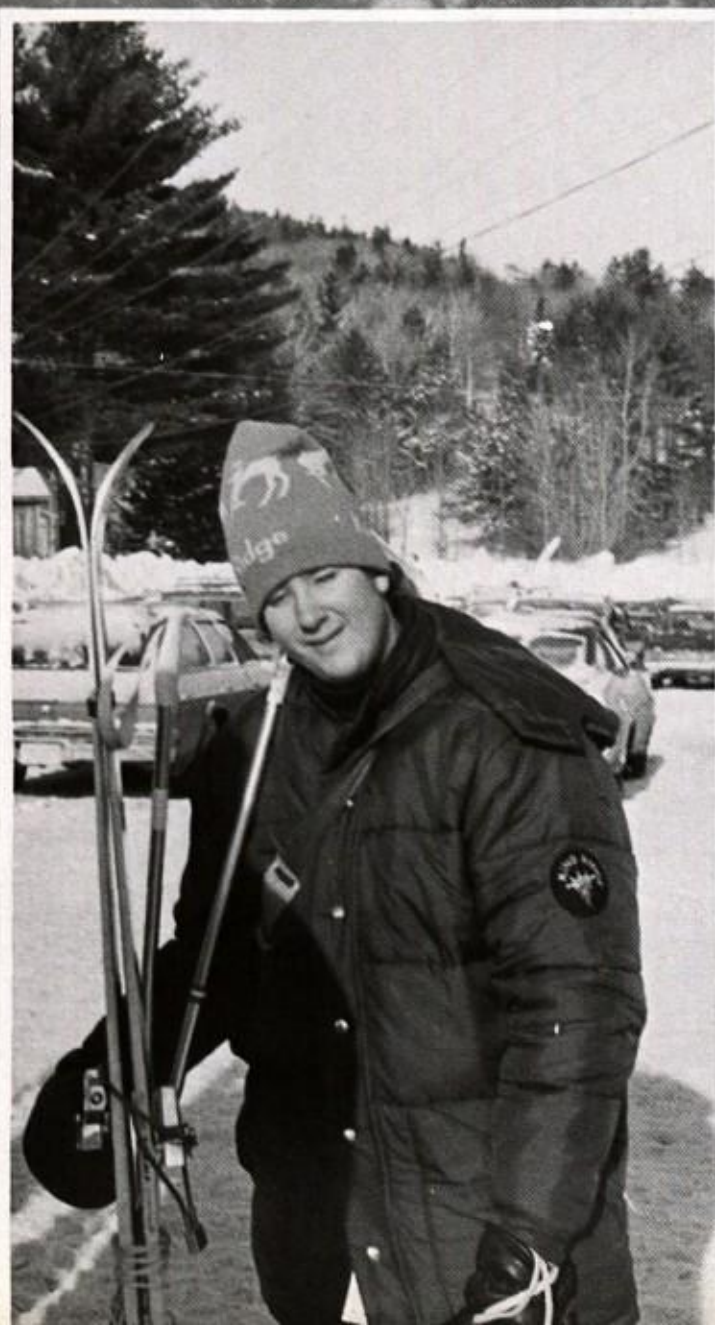

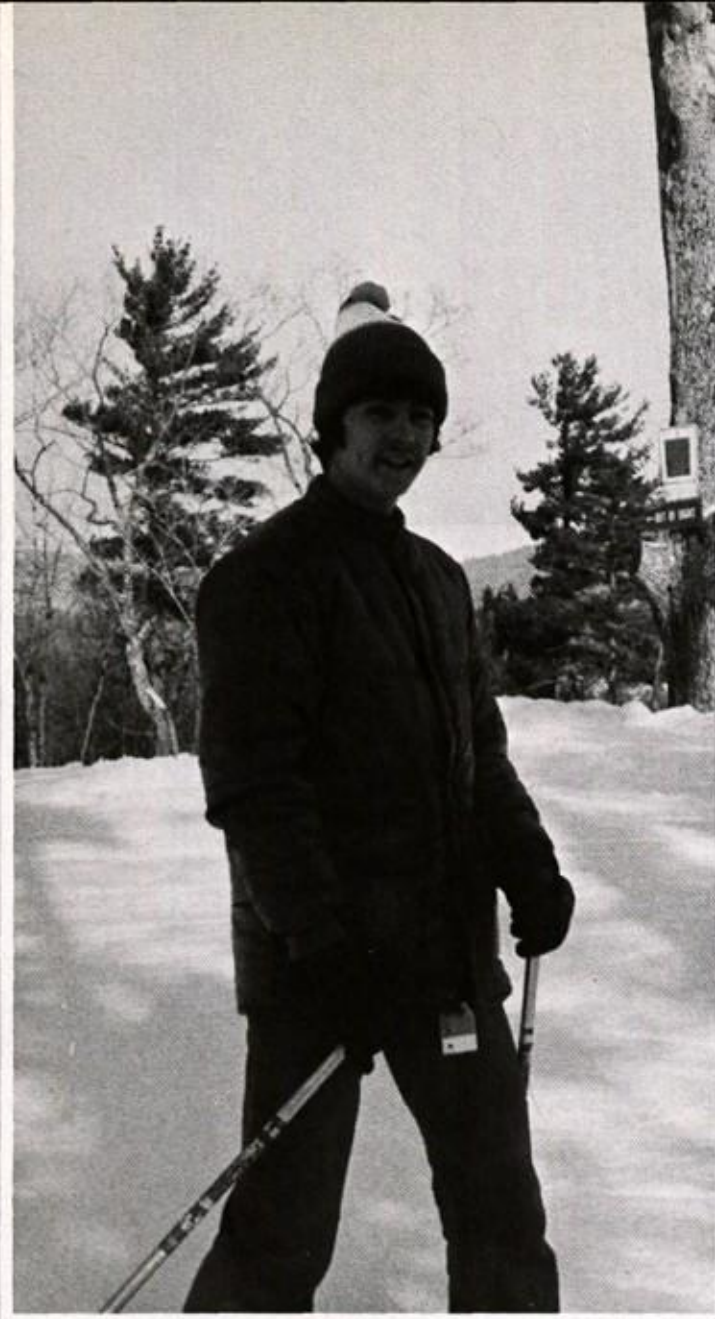

After a slippery bus ride, we arrived at our lodgings, Brickyard Mountain Inn in Laconia, New Hampshire. Overlooking Lake Winnepesaukee, Brickyard offered us a relaxing atmosphere and provided us with the facilities of health spa as well as a heated pool.

On the first night, Seniors enjoyed a delicious dinner in the gourmet restaurant and later took advantage of the moonlight with tobogganing and nightskiing on Brickyard Mountain. Sunday was a busy day as beginners as well as experts conquered the slopes at Gunstock. The following day exhausted skiers relaxed and prepared for the journey home. As the buses pulled away from the Brickyard Mountain Inn, the weekend came to a close but the Seniors will never forget the fantastic memories for the highlight of our last year—The Senior Ski Weekend.

The 1978 *Lantern Staff* is composed of many talented and devoted students. Homeroom representatives and typists, as well as those who work diligently to sell ads are all essential to the success of our Senior Class Yearbook. Although their jobs become tedious at times, their enthusiasm is inexhaustible. Through the staff's loyalty, we are able to create a yearbook that surpasses all others-*The Seventy-Eight Lantern*.

The creation of our yearbook is initially the responsibility of an intimate group of hardworking and devoted individuals, The Production Staff. Each member possesses exceptional talents and versatility. Essential assignments include setting up and shooting photographs, cropping pictures, designing layouts and writing copy. Although the performance of the Production Staff is outstanding, its efforts would be futile without the guidance of the *Lantern's* dedicated advisor, Mr. Ronald Eydenberg.

Unfortunately for the 1978 Yearbook editors, the production of the *Lantern* has been completed. The staff has worked very hard together and we have become as close as brothers and sisters. As we cropped the final picture of the last page and brought the yearbook to a close, a few tears were shed. Yet, now we smile when we reflect upon the memories we've shared. We sincerely hope that all the members of the Class of '78 join in our enthusiasm and value the tender moments and fond recollections captured on the pages of our *Senior Class Yearbook*.

TEAM EFFORT RESULT- ING IN VICTORY - OUR ULTIMATE GOAL . . .

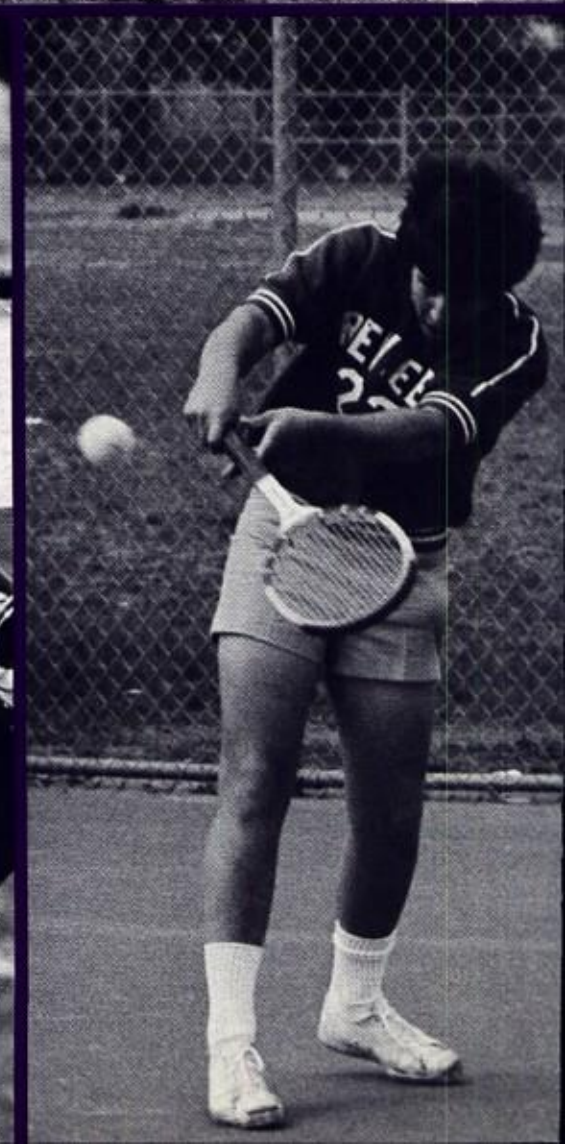

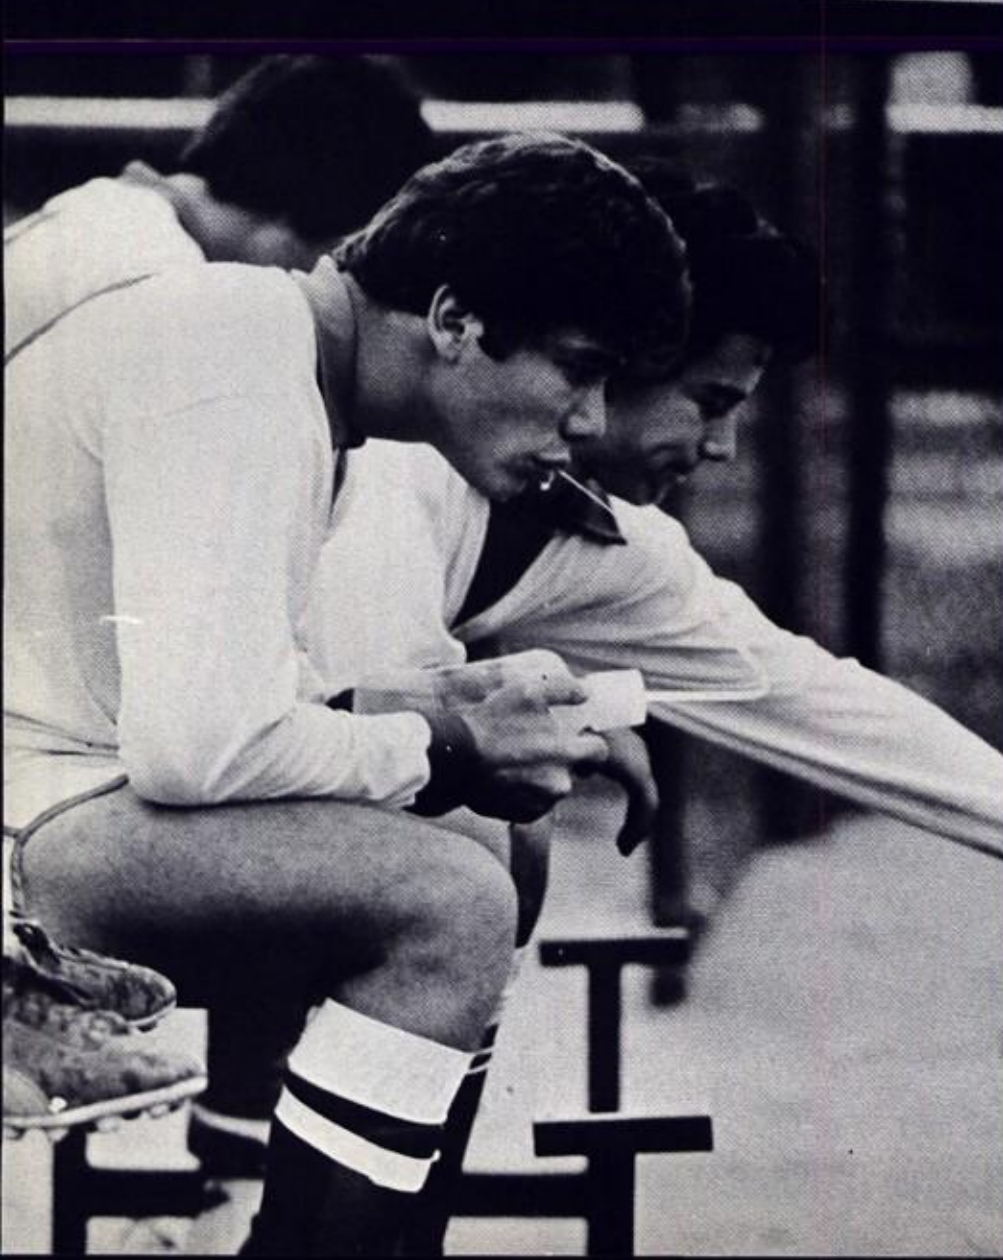

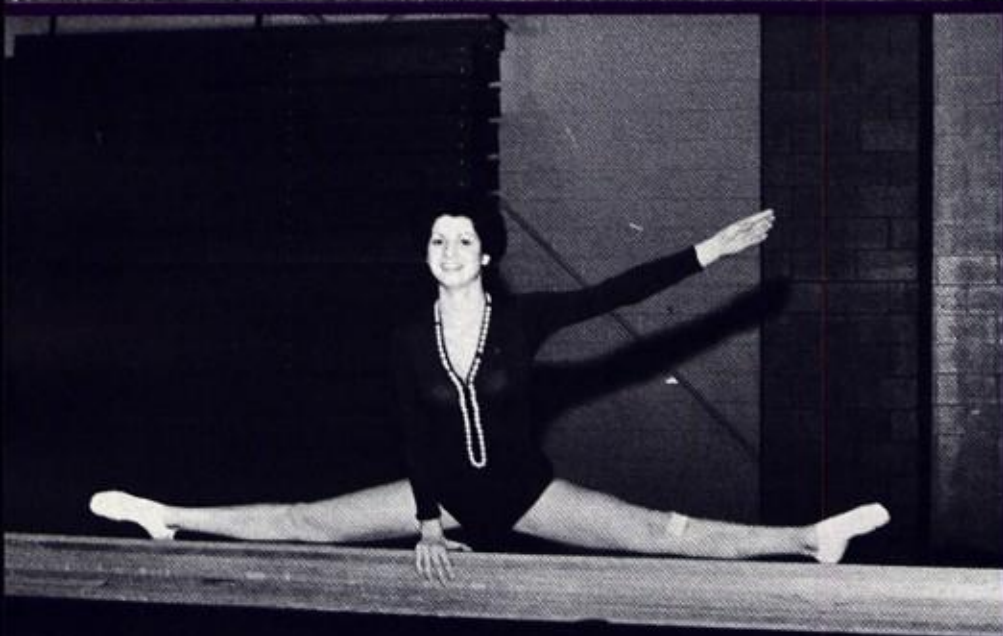

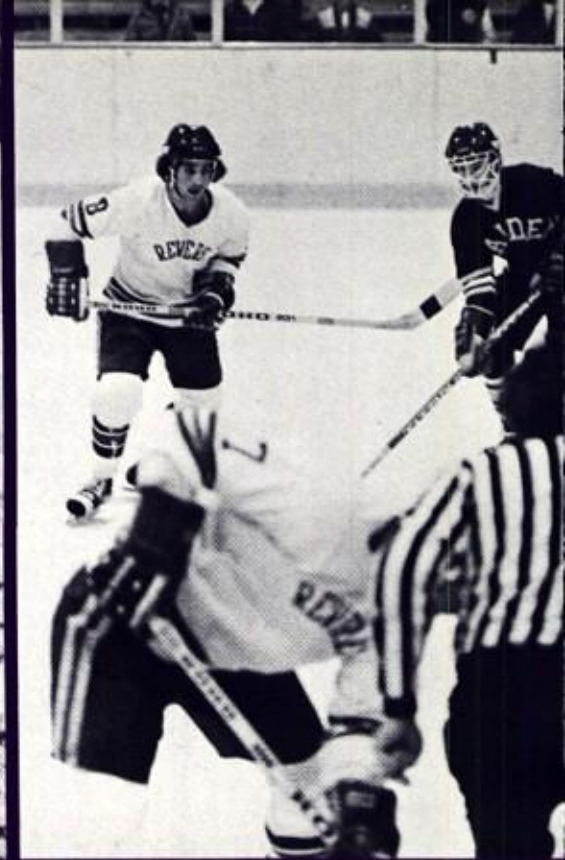

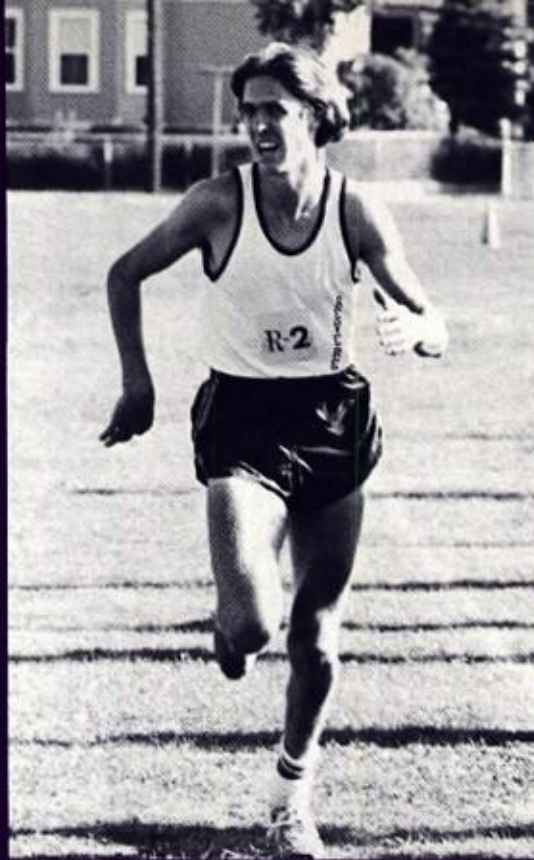

Working Together, Each Member Of A Team Strives For Perfection And Endeavors To Attain The Common Goal Of Victory. Success Is The Result Of Perseverance, Enthusiasm, And Pride - Qualities Which Our Players Possess.

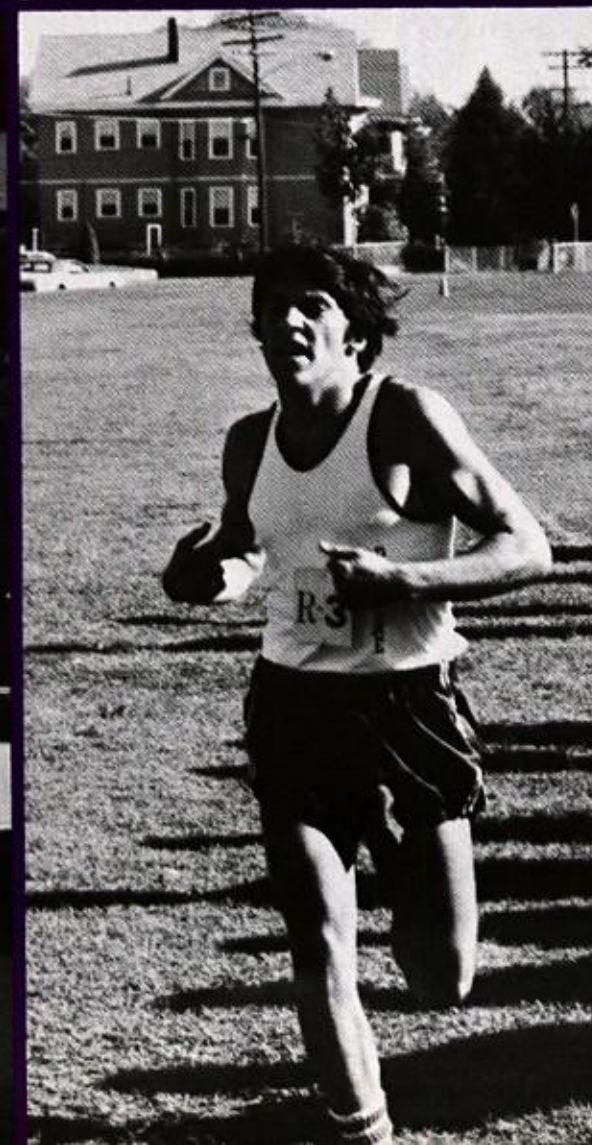

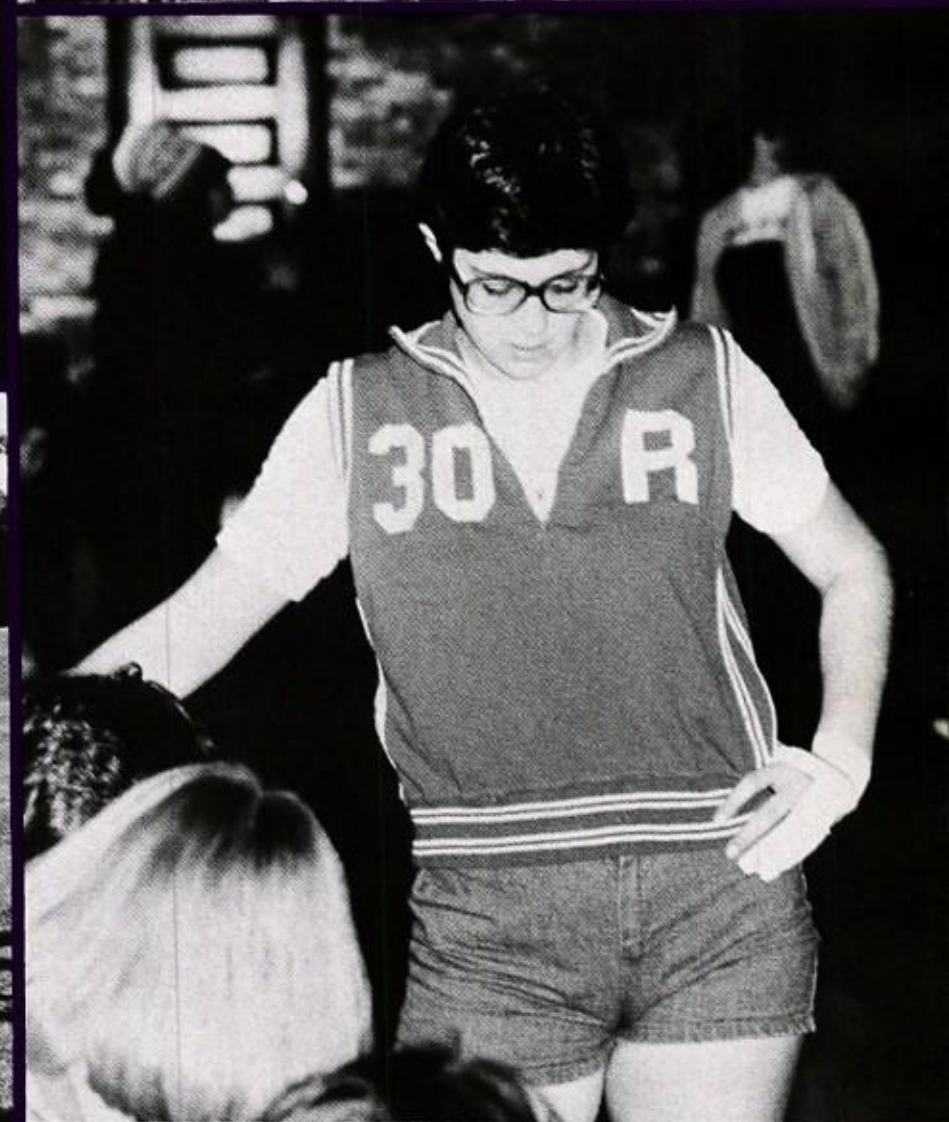

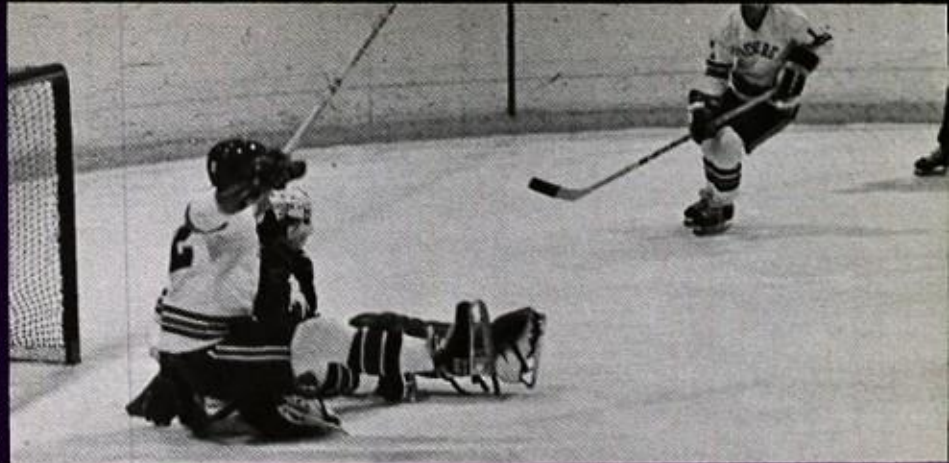

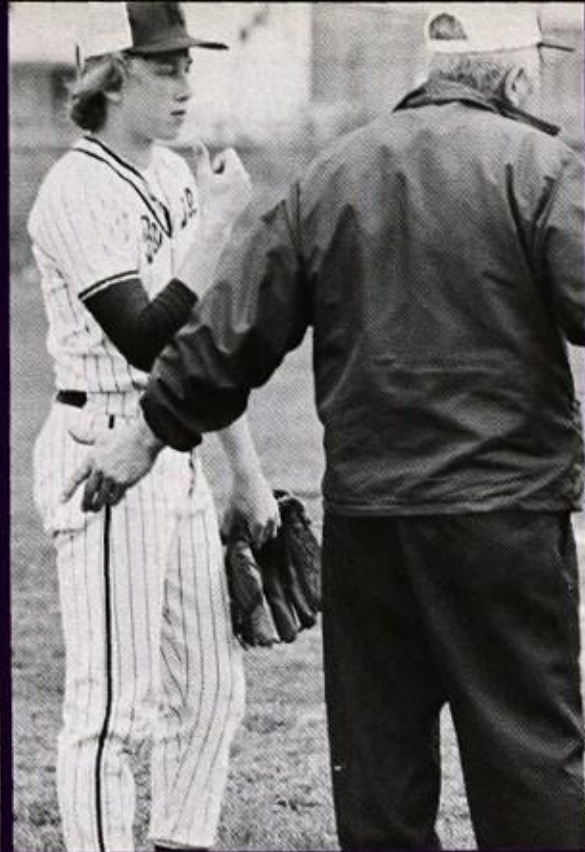

The theme of competition is prevalent in all sports activities that our Patriots encounter. As the team members join together, they strive for superiority. Their pride, stamina, and outstanding abilities are the primary factors of their successful achievements. Although the agony of defeat is a difficult wound to heal, R.H.S. athletes endeavor to thrive on the glorification of victory.

FOOTBALL

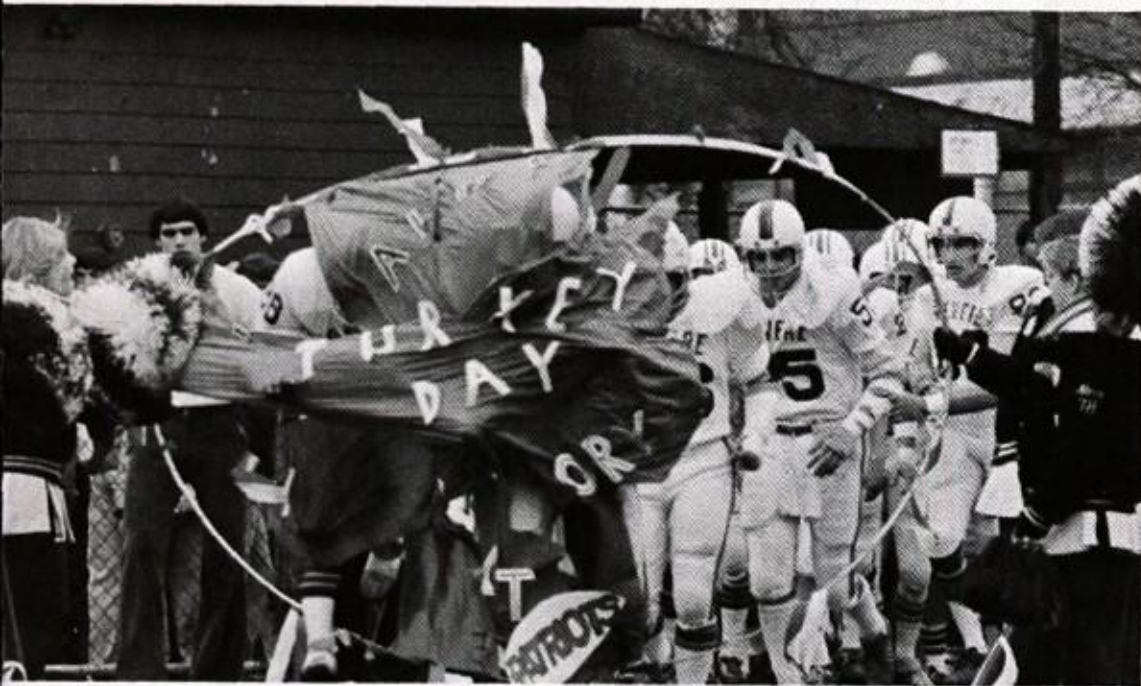

"The In-Between Season That Can Never Be Told, 1977 Football. Haverhill to Winthrop and everything in-between, could be the story of a football team of highs and lows which will never be experienced again. Our Tri-Captains, Marc Malfitano, Vincent Terrazzano, and Robert DeNofrio were leaders of the 1977 football team which had everything but a finish.

The loss of three starters in September — Peter DiCarlo, Wayne Watson, and Robert DeNofrio gave the team a great psychological problem to overcome, but we did . . . fine games were played during that in-between season, great blocks, great defense, great passing, and wonderful pass receptions. The records will not tell it as it is. The loyal fans will be the only ones who know the true worth of this 1977 football team . . ."

"The 1977 R.H.S. Soccer season proved to be one of the most successful since the inception of soccer at R.H.S. The final record of 5 - 8 - 1 certainly did not indicate how good a team we really were. We played our best games against the top teams of the league: Peabody, Somerville, and Arlington.

Although we fielded a team dominated by underclassmen, our Seniors played an instrumental role. Their leadership, ability, and experience strengthened the team immeasurably. They were called upon in many ways: sacrificing personal recognition, learning new positions, and playing with little relief. They never failed to hustle. Most importantly, they never lost their determination and desire to succeed. Filling their spots next year shall be a formidable task.

"This year's Cross Country Team not only maintained the excellent tradition of Revere High School Cross Country but further enhanced it through the outstanding performance of everyone concerned.

There were many excellent runners but no individual stars on the Team. The Team won the Greater Boston League Championship and other invitational meets because of the tremendous attitude and depth of the Team.

Every member of the Team was instrumental in its success and should be commended.

"The team lacked depth in certain events and this was the difference in defeating Somerville and Medford, second places made the difference. We took our share of first places led by outstanding performances by all three tri-captains: Marty DiLiegro, Michael Pivnick, and Cliff Lusso. Aside from the seniors who comprised a nucleus of the team, we do have some talented and potentially good underclassmen . . ."

GYMNASTICS

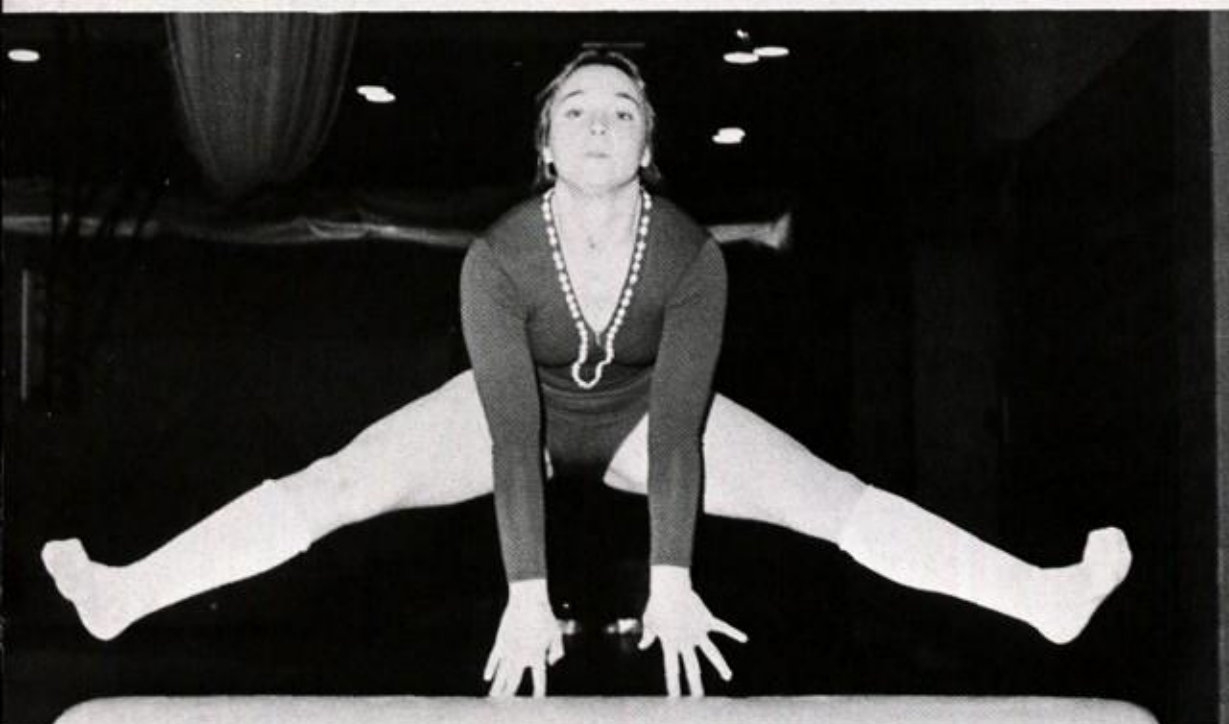

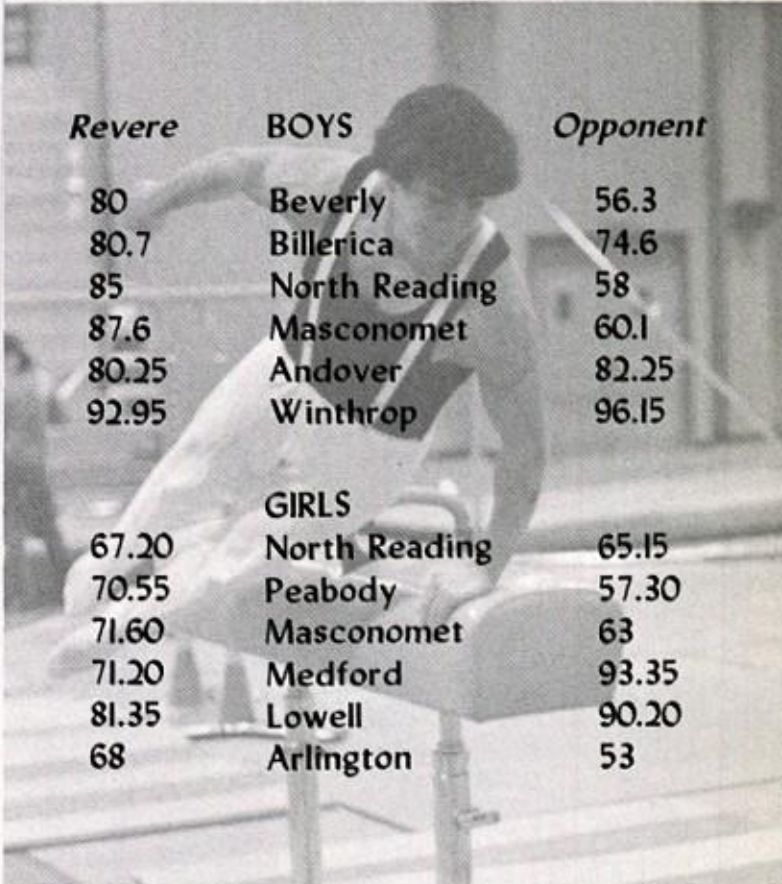

"This year's boys gymnastics team had an outstanding year. Considering all the problems with the schools electricity and the weather, the boys finished strong—strong enough to win five trophies in the North Shore League . . ."

Coach David Montani

"The girls gymnastics team enjoyed a winning season this year thanks to the dedication and team work of all the girls. The team worked especially hard and their effort was reflected in their much improved performances. Certainly all the seniors will be missed next year not only for their gymnastic ability but also for their fine example of good sportsmanship they've helped to set . . ."

"The 1977-78 season has been one of the most satisfying seasons for me. It was a most successful season. However, more importantly, it has given me the opportunity to be associated with one of the hardest working and co-operative group of players I have ever had. PROVIDING INCENTIVE TO FULFILL OUR DREAMS- FACULTY, STAFF, ADMINISTRATION

The Responsibilities Of The Faculty, Staff, And Administration Are Never-Ending. They Always Maintain An Optimistic Attitude, And Through Their Constant Perseverance We Are Able to Succeed In All We Venture.

IN SPECIAL RECOGNITION WE HONOR MR. SAMUELS FOR HIS MANY YEARS OF DEDICATION TO OUR SCHOOL COMMUNITY

Mr. Samuels has long been a familiar face in the halls of Revere High School and throughout the schools of Revere. Previous to his career as Guidance Director for the Revere Public Schools, he was a teacher at the Garfield School from 1936-1940. In 1940, he broadened his experience as a teacher at the high school. In 1954, he became a Guidance Counselor and shortly thereafter was selected for his present position, Guidance Director. Although he has contributed much of his time to academics and counseling, he still found time to become an active part of our religious community and the civic world.

As the National Jewish War Veterans President, he was given a special invitation to the White House by President Lyndon Baines Johnson to sign a bill pertaining to veterans. During his numerous visits to bases of the Armed Forces, he had the opportunity to meet General Abrahms, the man who played an important part in ending the United States involvement in Vietnam. Among other historical figures he had met are Abba Ebin, Golda Meir, and the late Senator Robert F. Kennedy. One of his most outstanding encounters was speaking at the testimonial of Ambassador Rabin and presenting a letter of gratitude to the government of Denmark for their help in saving the lives of refugees from World War II.

As a graduate of Harvard, his life has been one of unusual events and beneficial experiences of which he has passed on to the many generations of students whom he has enlightened.

DR. AURELIUS P. MATTERA, *ASSISTANT SUPERINTENDENT OF SCHOOLS*

THE REVERE SCHOOL COMMITTEE . . .

The Superintendent and the Assistant Superintendent of Schools, in conjunction with the Revere School Committee, oversee all that takes place within our educational environment. They possess the right to approve, disapprove, agree, or disagree with all situations, circumstances, and ideas developed within the school. They aid the curriculum by suggesting educational material for future use. Their knowledge and understanding of the proper guidelines condition us to function as responsible and mature adults.

Front Row L to R: Mr. James Sorrento, Mr. William Cintolo, Mr. James O'Donnell, Mr. Anthony Rizzo; Second Row, L to R: Mrs. Ruth Badolato, Mayor George Colella, Mr. Emmanuel Ferrante.

R.H.S. ADMINISTRATION

Within the system of the school, the administration stands out as one of its most vital resources. The people who are a part of this unit possess a type of zeal for their work. It is through their guidance that we are able to shape goals, values, and attitudes that will serve us well as we go forth into today's society.

As administrators of the school, they set the guidelines for all activities. It is left to their discretion as to whether new programs will be introduced as an integral part of the curriculum. The effective operation of the system is a result of their never-ending hard work and effort.
